The Role of the Seat of Eternal Light for All Mankind

Lantos:

It is very beautiful, very beautiful. From here, we begin our investigation into the Knowledge of Eternal Light, Knowledge through the Seat of Eternal Light. Eternal Light represents the Highest Value of Light, the Highest Level of Creation—that level of Creation which is non-changing, indestructible, that level of Creation which is Eternal. It is from this level of Creation, this Highest Level of Existence, that all Aspects of Creation take Form. Out of the Divine, Immutable Field of Eternal Light, Eternal Energy, All Diversity Emerges. The Seat of Eternal Light is on the top of Creation, the domain of the Source of All of Creation, the fountainhead of all. From here, all Knowledge is available; from here, all Experience is obtainable.

The Seat of Eternal Light houses the most Precious Treasure of the Universe—That which dwells within all of existence, and That which all of existence dwellest within. Eternal Light is the Light of the Almighty Source of Creation. The universes, the multitudes of galaxies, all reside within the limitless, boundless form of Eternal Light.

The nature of Eternal Light is incomprehensible, and yet, it is so charming, so absolutely attractive, that one may get completely absorbed in the appreciation—absorbed in adoration—of the nature of the field of Eternal Light. It is through this adoration—this complete appreciation on every level of one's Existence—that the doors of universal awareness open wide. One may perceive all aspects of Creation; all Knowledge is available on this level, on the level of Eternal Light.

We are most fortunate. Now is the time in the course of the cycles of Creation; now is the time for the Seat of Eternal Light to be made available to all mankind. Experience of the Seat of Eternal Light, is the experience of the universal Source of All Creation. And it is this experience that is available to all at our Beloved Seat of Eternal Light. We are most fortunate to have, at this time, this experience open to all. The effects of the pure Eternal Light spread out to all; all mankind receives the great Blessings. It is the Blessing of the Intelligence of the limitless expanse of universes—Knowledge in its complete and Awakened state contained within the Seat of Eternal Light, Knowledge for all mankind, Knowledge for the Fulfillment of all. This is the Value of our Beloved Seat of Eternal Light. This is the Role of our Blessed Seat of Eternal Light—Awakening all to the Blessings of Eternal Light. It is very beautiful, yes?

Now, come and enjoy, come and experience the Eternal Source, the Source of All Creation, the Seat of Eternal Light.

Blessings.

The Role of the Elixir of Life

Lantos:

Greetings Dear Ones,

Now we will investigate the nature of Fullness: Fullness as it moves in the direction of the Individual; Fullness on the level of the Individual; Fullness on the level of the body, enlivening the Proper Sequence Code to support Fullness within every cell. This is the Role of the Elixir of Life.

The Elixir of Life is specific for each Individual; the Elixir of Life works on the level of the Individual. Within the Individual, Universal Fullness is gained. Universality is structured on the level of the Individual. It is accomplished through the function of memory. Universality is gained on the Individual, cellular level through the function of memory.

The Blessed Waters of the Elixir of Life are Initialized with the specific code of functioning, spoken in the language of the finest Layer of Creation. The Holy waters carry the specific set of instructions to every cell. The whole of the Individual receives the Blessings of this supreme sequence code of functioning. Through the process of Initial Rotations, the Individual sequence code is Initialized within the Blessed waters of the Elixir of Life. The waters enliven the memory, Awaken the memory, within every cell to the Proper Sequence Code, that Individual code of functioning which supports Fullness.

Health, on the level of the body, is achieved through the Process of re-Awakening the Memory—the Memory of proper functioning, the Memory of Fullness—within every cell. We are structuring Fullness on the level of the body. Health is gained on the level of every cell within the body.

This process may take some time, some time—six, eight months. We drink the Blessed waters of life on the birth day—the birth day and on the day opposite the birth day. On these days, the cells are most receptive; the cells are receptive to the whispers of the Source of Creation, receptive to the instructions coming from the Field of Eternal Light, that Supreme Source of Creation. Yes, like this, Fullness moves; like this, Fullness expands. Yes, Fullness expands. This is the Role of the Elixir of Life. It is good, very good.

Blessings.

Questions Regarding the Elixir of Life

Lantos:

Greetings,

Cindy:

And, Lantos paused after He said that, and I asked Him if today would be a good day to begin asking questions that had come in from our Masters of the Light of Genesis? And, He said,

Lantos:

Yes, yes.

Cindy:

So, I began by asking Him a question that was about the Elixir of Life since last week's dialogue had been about the Elixir of Life. So the first question I read to Him was: "What, precisely, is the "Proper Sequence Code?"

Lantos:

The Proper Sequence Code is the Individual Blueprint of Eternal Light. It is the memory of Eternal Light, memory—memory not on the level of remembering something, some thing; not this memory. No. Memory on the most Supreme level is the Individual Mechanism for Experiencing Universality. You see the difference? When we speak of the Proper Sequence Code, we are not speaking of something gained on the level of thinking. No. The Proper Sequence Code is that specific pattern of energy, pattern of intelligence, responsible for supporting the experience of Fullness on the Individual Level. It is the specific structure found within every Individual which allows for that most Sublime Experience—the Experience of Eternal Light, the experience of the Source of Creation on the direct level of cognition.

We may also look at the Proper Sequence Code as the code of perfect functioning for the body—the Emergence of Health on the Level of every Cell Within the Body. Yes, we may also say this. All of this happens naturally. We don't have to think much about it. The Blessed waters of the Elixir of Life structure the Proper Sequence Code within each Individual. This is a great Blessing for our time. We are Awakening the cells to the Pure Field of Eternal Light. We are opening the cells to the Source of Creation—the Highest Level of Creation. This is the Great Blessing of our age.

Cindy:

And then He paused again, so I read another question about the Elixir of Life from our Masters of the Light of Genesis: "Does the Elixir of Life change the coding sequence of the RNA, which sends the new codes to the DNA, in and outside of our biology?"

Lantos:

Yes, it must be like this. The changes are made on the physical level of the Individual cells. The cells are reminded of the code of proper functioning, correct functioning. And, because this is a more natural state of functioning, the cells automatically regain the memory. It is a process. The shifting of the cells into the state of proper functioning is a process. As we have said, this process can take some time. Yes?

But the process, this process of shifting to the state of proper functioning, begins right away. It begins with the Initialization of the Waters. That is why we call it “Holy Waters.” The process begins as the water is Initialized through the instrument of Eternal Light. The water is Initialized with the code of proper functioning, the original sequence code for the body, for the Individual.

Cindy:

And He paused again there and so I asked Him a question that I had at that moment, which was: “Does that mean that, if someone is drinking the water for the future generation, that they would be also receiving some benefit—even though they’re drinking it after three days and therefore for the future generation; would they still receive benefit?”

Lantos:

Yes, very good. Yes. There is always benefit for the one tasting the Holy Waters. Only, only the main set of instructions will be directed in that case to the future generations. Blessings of Eternal Light will be experienced by the drinker. However, the sequence code specified will be offered to the future generations. Very good. It is very good. And you are experiencing the Blessings of the Holy Waters?

Cindy:

So, I said to Him: “Yes, we have many many good reports from people about their experiences with the Elixir of Life.”

Lantos:

Very good, very good. Blessings.

The Pendant of Eternal Light and 2012

Lantos:

Greetings.

Cindy:

I asked Him about the Pendant of Eternal Light, how it's made and the purpose of the Pendant of Eternal Light.

Lantos:

Yes. Infinity on a chain—we will wear the Infinite around our necks. The purpose of the Pendant of Eternal Light is just that—Eternal Light. We are harnessing the nature of Eternal Light in a small, small device. We are enlivening the Supreme Field of Eternal Light. We are attracting the Beings of Light whose Existence is on that Level of Eternal Light.

The Precious Pendant of Eternal Light will greatly strengthen the signal—we are boosting the signal—of the BioTranslator; we are boosting the signal of one's own BioTranslator. This is owing to the refined Quality of Existence that is generated by the Pendant of Eternal Light. On this finer level of Creation, desires are met with greater Fulfillment; more quickly Desires are Fulfilled.

The Pendant of Eternal Light is a Great Healer. It is through the Process of the Enlivenment of Eternal Light—the Process of the Attraction of the Great Beings of Cosmic Intelligence on this Refined Level of Existence—that many Blessings are received. One may call them Miracles, because the Process of Fulfillment may not be seen. Yes, our Blessed Pendant of Eternal Light may become known as the Pendant of Miracles; it may be so.

Cindy:

And then He paused a long time, so I asked: How would we go about making the Pendant of Eternal Light? But, instead of answering that question, Lantos just proceeded:

Lantos:

For the next two years, we are building a bridge—we are building a bridge Connecting the Finer Levels of Existence with the more Expressed Levels of Creation. This is the Role of Every Individual on Earth at this time. This is the Responsibility of every man, woman and child. This is Very Important; what we speak of now is of Great Significance. We are speaking of the Role of Every Individual on Earth at this time. Because you are on Earth at this time, you are Entrusted with a Great Obligation to

Humanity, both present and future. You are Entrusted with the Responsibility of Building a Bridge—Establishing an Unshakable Connection between the Outer Levels of Existence and the Supremely Refined Level of the Source of Creation, that Level of Eternal Light. Because you are on this Earth at this time, this is your Role for Humanity. And, and, because of your birth in this time of the Process of Earth's Transformation, you are being Equipped with the necessary Tools to Accomplish this Supreme Task. It is a Supreme Task; it is a Supreme Responsibility. We are very Blessed to Play a Role in this Great Process for humanity.

Cindy:

And then, again, He paused so I asked: Is this Transformation that He is speaking of related in any way to what people are talking about with the idea of the year 2012?

Lantos:

Yes. A Brilliant Light may be seen from far distances. This Supreme Transformation was seen from far distances in time; across great distances of time, this Occurrence was spotted. Only, the Nature of this Occurrence was not understood. One can only See, one can only Perceive, from one's own Level of Experience. If the Experience of Eternal Light is not firmly established, one may look at Eternal Light and say, "What is this? I do not know. What is this?" Like this, when seen from across the great span of time, this Great Transformation we are now facing, we are fast approaching, has been Indescribable. It has been Indescribable. Because, because, the Nature of it was Unknown. The Experience of its Nature was Unknown. You see?

We have Established the Seat of Eternal Light for All Mankind, and now Eternal Light is Dawning for all Humanity. This is the Role of Humanity in Structuring Eternal Light at this time. This is the Role of Every Individual on Earth at this time. There is much to Accomplish. There is much to be Accomplished. It is a Great Blessing.

Questions Regarding the Gulf Oil Spill

Cindy:

This morning I asked Lantos about the oil spill in the Gulf of Mexico, what about it, how we can stop it, and what do we do to clean it up.

He paused a long time before He said anything and then He began.

Lantos:

Eternal Light is that from which the Course of this World Proceeds. When, through the passage of time, the memory has been lost—the Memory of the Wholeness of the Source of Creation, the Memory of the Connection of the Object or the Individual with the Fullness of Eternal Light—when this Memory is lost on the Level of Experience, the Object is as if cut off from its Source of Support, cut off from its Source of Protection. The Dynamics of the Structuring of the Course of Time and Events is Unfathomable, but always—always—we know that, to Return Life to a State of Balance, to Return to a State of Support and Protection, we Enliven the Connection with the Source of Creation.

It is through the Connection with the Fullness of Eternal Light that All Life receives the Highest Blessings. It is on account of the Separation from the Source of Creation, or the Loss of Memory of the Fullness of Eternal Light, that the Course of Life meets with obstacles and setbacks. Support Springs from the Fountainhead of Creation—Support in all areas of Life, Support on All Levels of Existence. To Restore Support and Protection, we Restore the Memory of the Blessed Light of Creation, the Blessed Light of Genesis.

On a map, place four BioGenesis Pyramids on four corners of land surrounding the oil spill. Over the map, BioOscillate the affected area daily. Then, ring The Bell around the area on the map. After ten days of this daily activity, we will all make our Calls to the Translator for the Restoration of Balance and the protection of life for the area affected by the oil spill.

Cindy:

And then He paused and then I asked:

“So, after ten days of every day doing the treatment on the map then on the 11th day we make our calls to the Translator?”

Lantos:

Yes. You will go to our Blessed Great Central Translator with this Desire. Write the Desire on a card and place it within the Great Central Translator. Very good. It is always

good to have a Circle of Wheels surrounding the treatment area, surrounding the map. This is very important, very good.

Cindy:

So then I just asked Him again, just to make sure that I understood the instructions:

“Each person who has a Circle of Wheels puts the Circle of Wheels around the map, and leaves the four Pyramids on top of the map, and then BioOscillates above the map every day, and rings the Bell around the area—also every day. And then, you do that for 10 days in a row and on the 11th day we all make our Calls to the BioTranslator and I go to the Great Central Translator to make the Call for the Protection and Restoration of Balance?” And He said,

Lantos:

Yes, very good.

Our Blessed Masters of the Light of Genesis: there is much work to be done. You will be called on to perform many activities in the process of Building the Bridge between the Fullness of Eternal Light and the Expressed Aspects of Creation. Your Assistance is greatly needed to make this Transformation we are facing; your Assistance is greatly needed.

We are Enlivening the Memory of the Connection between the Source of Creation and the multitude of Expressions of Creation. We are Enlivening an Unshakable Connection between Fullness and the Parts. There is much to be Accomplished.

For our Beloved Masters of the Light of Genesis: your Path is Clear. You are Blessed with the Highest Level of Knowledge; you are Blessed with the Experience of the Source of Creation.

And, the Blessed Waters of the Elixir of Life are Enlivening daily the Memory of Eternal Light on the Level of every Cell. The Blessed Waters are Restoring the Proper Sequence Code Within every Cell. Yes, there is much to be Accomplished in a very short period of time.

This Period of Transformation was seen from a great distance. This Great Transformation of Human Existence was seen many thousands of years ago, and now: you are the Ones, Dear Ones—together, you are Bringing Forth this Great Change.

Cindy:

And then He paused a long time and He said,

Lantos:

Very good. Now we will get to work. Very good.

Many Blessings.

Using the Light of Genesis

Cindy:

How can the Masters of the Light best use the Light which they received in the Chair of Genesis?

Lantos:

Beautiful question. It is a beautiful question. It is a Great Blessing to Receive such Supreme Upliftment. This Experience of Opening One's Self to the Experience of the Sublime Light of Genesis, this Experience is a Supreme Accomplishment on the Physical Level of Existence. One's status is raised to the Highest Level of Human Existence. One's Cellular Structure has been Opened to the Blessings of the most Sublime Level of Creation. In the Presence of the King, one feels elevated; one is elevated to a Higher Level of Functioning. The Cells carry the Memory of this Direct Experience of the Highest Level of Creation, the Source of Creation. It is not just an Experience on the Level of Thinking; it is not just an Experience on the Level of Feeling. It is an Experience based in the Most Fundamental Structural Level of Individual Existence. It is Based on the Level of that Physical Mechanism of Human Existence, the Individual Cellular Framework which gives rise to Human Experience. The Experience of the Chair of Genesis Affects All Levels of Existence, All Areas of Experience.

Now, after one has Received these Great Blessings, what is one to do? It is the Responsibility of the King to Rule; it is the Responsibility of the Doctor to Heal. Once one is equipped with Great Knowledge, Great Power, one also Receives Great Responsibility. For those Precious few Individuals on this planet who have Received the Blessings of the Sublime Light of Genesis, it is their Responsibility to Govern the Course of Humanity. Because one has Received the Highest Blessings open to Physical Existence—that Experience of the Sublime Radiance of Eternal Light—One is now Charged with the Mantel of Lighting the Way, Issued with the Responsibility of Charting the Course for All Humanity.

And how does one Chart this Course, this Blessed Path to be traversed by all? It is through the Unshakable Connection with the Source of Creation, which has been Established on the Fundamental Level of one's Existence that provides the Ability to Proceed with the Activities of Generating the Blessed Light of Genesis for All. Dear Ones, Beloved Masters of the Light of Genesis, you are just that: Masters of the Light of Genesis. When you see humanity suffering, it is your Role to Correct the Path—Set Straight the Course for humanity to Move—just as it is the role of the loving parent to set straight the path of actions for the child. You are Blessed with the Role of Enlivening the Limitless Radiance of Eternal Light in the daily lives of All on Earth.

You are Masters of the Light of Genesis. You are also Masters of the Blessed Tools of Genesis. These are your Tools. The doctor's knowledge is well and fine, but to perform the surgery effectively, the doctor also requires the proper tools. Yes? And so, too, the Skilled Masters of the Light of Genesis will Use the Blessed Tools of Genesis to Perform their Function of Charting the Course for Humanity as we approach the Very Great Light of Transformation within the coming few years; yes: two, three years—it is a very Critical Time. We must train more Masters of the Light of Genesis. And, our Beloved Masters of the Light of Genesis must begin to use their Skills with Greater Regularity and Focused Dedication. If there is an oil spill, the Blessed Masters of the Light of Genesis are Equipped with the Tools—the proper Tools—to Alter the Course, to Set Straight the Path for Humanity. You see? And, many more Masters are required. In the hands of a gardener, the physician's tools will not be so effective in performing the task of surgery. Only in the Trained Hands will the Desired Effects be met. Yes? And, do we have our Blessed Pendant of Eternal Light in the hands of our Master Builder?

Cindy:

Yes, we have given the information to the person who will be building it.

Lantos:

Very good. It is very good. The Pendant of Eternal Light is a timely Tool, a most Powerful Tool in this Great Time of Transformation. It is very good. Good.

Many Blessings.

Prosperity

Cindy:

How can the Masters of the Light best use the Light to increase their prosperity?

Lantos:

Yes, very good. Fullness on All Levels—as the Experience of Fullness becomes more permanently Established on the Level of Individual Life, the Effects will be seen in all areas of living.

The presence of water in the river can be seen from a distance by the green, flourishing plants growing alongside its banks. It is the Fullness of Eternal Light that provides Nourishment for All Areas of Life. All areas Flourish in the Presence of the Fullness of Eternal Light.

The child's face lights up in the presence of the mother. Even the sight of the mother coming from a distance is enough to satisfy the child's desires. Like this, like this, it is the Presence of Eternal Light on the Individual Level of Experience which Blesses All Areas of living.

Prosperity Emerges from the Fullness of Eternal Light. As with All of Creation, the Emergence of Prosperity may be seen coming out of Fullness in steps. There is a progression from the Sublime Value of Fullness to its Emergence into the Concrete Value of Prosperity; there is a Framework through which Fullness Emerges into its Value of Prosperity. Different Values of the Framework give rise to different Expressions of Prosperity, different Values.

If it is a taller Framework, the building will rise higher. It is the same Concrete, but the Structure will vary. The Expressions will be different, owing to the different Values of the Framework, through which the Fullness of Eternal Light Emerges. You see? It is most necessary to have the Concrete, but it is also necessary to have a Proper Framework for its Expression into the Desired shape of Building. The Concrete is necessary—without it there is no Building. But also, the Framework is of Great Importance—without it, the Building would surely not be Secure; it would lean this way and that way, and may fall down.

Now, as the Experience of the Fullness of Eternal Light grows, it is also of Great Importance to provide the Proper Structure, the Proper Framework, for its Expression to Flow, to Emerge, on the Expressed Level of daily Life. It is for this reason that we have our Blessed Tools of Genesis, Tools of the Sublime Light of Genesis. In the hands of the Masters of the Light of Genesis, the Tools of Genesis will erect the Ideal Structures, the Ideal Frameworks, through which the Fullness of Eternal Light may gain Concrete

Expression. Different Values of Expression may be very Specific, very Specific. That which can provide a Proper Framework for One may not be as suitable for Another according to the Differences, but the Tools for the Use are the Same. One may Use the Tools differently, in different Combinations, to Produce Different Results. The Wheels of Genesis offer many Possibilities, the Full Range of Possibilities. The BioTranslator is that Tool for the Value of Desire. The Wand of Genesis is that Tool which Governs the Value of Fullness and Emptiness; Fullness and Emptiness—it is very Important. There can be many Methods to obtain the Desired Results.

As one is Illumined by the Fullness of Eternal Light, the Proper Method will become more and more Clear. The Path will present itself with Greater Clarity. However, even from the beginning, what is Important is that Steps Are Taken. This is Very Important.

Dear ones, you are in Possession of Great Knowledge, Great Experience and Great Tools for the Expansion of Happiness and Prosperity in All Areas of Life. What is Important is your Attention, your Focus, your Desire. Together, these Elements will bring about the Structuring of the Great Transformation for All Humanity. You are Charting the Path for Humanity.

It is a very Great Blessing for all. Yes, it is a Great Blessing.

Effect of the Circle of Wheels

Lantos:

Greetings.

Cindy:

And then He paused, so I asked Him: “What is the effect of the Circle of Wheels?”

Lantos:

Beautiful. Beautiful. The Circle of Wheels—the complete Circle of Wheels—Establishes Wholeness. Fullness is Generated out of the Parts. Yes? Fullness Emerges out of the Presence, out of the Enlivenment of the Individual Aspects of Creation. Something Greater comes out of the Presence of the Totality of the Parts. Each Wheel of Genesis represents in itself a Particular Value of Wholeness, a Particular Aspect of Creation. It is out of the Collection of these Individual Aspects of Creation that the Supreme Value of the Source of Creation Emerges.

It is like an artist, with paintings here and there, this gallery, that gallery, if one particular gallery borrows all of the artist’s paintings and displays them in one collection, then, the artist takes notice. The artist says, “What is this? All of my works together, in one place? I must go and see, what is this. I must meet the Individual who has collected my works in one Totality. This Individual surely must hold a great appreciation for my works, and I wish to go and meet this admirer.”

Like this, the Supreme Source of All of Creation is Attracted to the Location wherein the Totality of the Individual Aspects of Creation, are Enlivened. It is the Totality which Draws the Attention and the Presence of that Aspect of Creation which is beyond the bounds and limits of Creation Itself. We may refer to this Greatness, this Fullness which Emerges, as the Source of Creation. The Source of Creation is also the Goal of all Aspects of Creation. The Source is the Goal. We are Enlivening the Goal of Creation with the Enlivenment of the Totality of the Wheels of Genesis.

Each Wheel of Genesis has its Individual Value. Each Wheel of Genesis Enlivens a Particular Set of Qualities—Qualities on the Level of the Physical Structure; Qualities on the Mental Level; and Qualities on the Subtle Level of the Finest Layers of Creation. Each Wheel of Genesis Enlivens a Range of Creation, from Subtle to Expressed. Each Wheel of Genesis represents an Entire Range of Creation. Each Wheel of Genesis has a Color Value as well as a Spin Value. Together, this combination of Color and Spin serves to Support the Enlivenment of each of the 27 different Qualities of Creation.

Creation may be seen Emerging into these 27 different Values. Fullness may be separated into these 27 different Qualities. Fullness may be Grasped; Fullness may be Enlivened by Enlivening its Parts. This is the Nature of our age. In this age, we are examining Fullness through its pieces. This is what we are doing. The Role of the Masters of the Light of Genesis is to be Experts in the Handling of these Individual Aspects of Creation, to Enliven the Supreme Aspect of Fullness.

Our Blessed Masters of the Light of Genesis are Skilled Masters of the Tools of Genesis. By Enlivening different Aspects of Creation, our Skilled Genesis Masters are Shaping the Course, Charting the Direction for Humanity to Progress to the Goal of Creation. Our Skilled Genesis Masters are Charting the Course for Humanity. The actions performed within the complete Circle of Wheels carries Greater Strength owing to the Sublime Presence of Fullness. Yes, the Individual Parts are Enlivened, but it is more Important, it is more Significant, that the Fullness which Emerges out of the Parts, is Awakened.

If one performs Action within the Circle of Wheels, that Action Carries Greater Strength and Produces Greater Fulfillment. Even sleep performed inside a Circle of Wheels will Generate Greater Rest for the body. The business decisions made from within the Circle of Wheels will Produce Greater Results. The food prepared from within the Circle of Wheels will Provide Greater Nourishment for the family. You see? The Tools of Genesis are for All, All aspects of daily life.

It is very good, very good. Many Blessings, Dear Ones.

Ten Days of Knowledge: July 1-10, 2010

Lantos:

Greetings Dear Ones,

Very Good.

We begin tomorrow with a Program for Knowledge. Every day for ten days a different Layer of Knowledge will be Enlivened, Awakened.

This is a program to Enliven All Areas of Knowledge, All Areas of Life. Yes?

It is very good.

Knowledge is for Growth, Knowledge is for Progress. We are Structuring the Steps of Progress on the Platform of Knowledge. From the Fullness of the ocean, the Waves rise up into Expression. The Waves are nothing but the ocean itself. The Source of the Waves is ocean itself. One gives rise to the other but there is no separation, one is the other.

Knowledge is Fullness, Fullness is Knowledge. Knowledge is, we can say, the Expression of Fullness. But, it is Fullness Itself: As Knowledge is Enlivened Fullness is Enlivened, as Knowledge is Gained Fullness is Gained.

The Process of the Structuring of Creation is the Process of the Emergence of Knowledge out of Fullness.

Knowledge is Present, Always Present, on the Level of Fullness. Fullness gets Expressed through Waves of Knowledge. Knowledge rises in Waves. And, the Waves? They are nothing but the ocean, itself. The Structure of the Wave is the Vibrant Value of that Non-Vibrant Value of Fullness, that Non-Vibrant Value of the ocean.

What is Important, what is Important, is Establishing that Value of Fullness as a Living Reality in daily life, carrying the Fullness of the ocean within our Individual Personal Daily Level of Experience. It is beautiful. It is the Goal of living. And how is this Accomplished? How is this Fullness Gained? How is this Fullness Captured? We are Capturing the Fullness in Pieces. By its Pieces we are Achieving the Totality.

Every time we sit in the Presence of the Blessed Pyramid of Genesis, we are Enlivening the Fullness. Each Tool of Genesis, every BioGenesis Tool, Enlivens a Particular Aspect of the Fullness of the Light of Genesis. Time after time, we are Enlivening the different Expressions of the Light of Genesis. We are becoming experts at Directing the different Expressions of the Light of Genesis. The Individual using the Tools of Genesis Enlivens

those particular Aspects of the Fullness of the Light of Genesis on the Individual Personal Level of Experience.

It is such a Beautiful Process. Yes?

Another point of interest, another Aspect of that which gets Enlivened through the use of the Tools of Genesis is that Particular Expression or Value of the Light of Genesis, the Light of Creation.

We may speak in terms of a Dynamic Process of the Enlivenment of a Particular Aspect of Creation through the use of a Particular Tool of Genesis. Or, we may speak of this Value of Enlivenment as a Particular Being of Light, a Specific Being of the Light of Genesis responsible for that Aspect of Enlivenment of Fullness.

What we are describing is the Process of the Emergence of Fullness through the Enlivenment of Knowledge. The Wand of Genesis Enlivens a Specific Value of Fullness and the Expression of that Value of Fullness may also be described as a Being, a Great Being of the Light of Genesis. This is the case with every Tool of the Light of Genesis. So, you see --there are many ways to look at the Process of the Emergence of Fullness.

Our Blessed Masters of the Light of Genesis, our Blessed Pioneers of the Light of Genesis, through you these Expressions of the Fullness of the Light of Genesis get Enlivened, get Awakened. When we say, "Masters of the Light of Genesis," this is what we mean. You are each Mastering the Skill of Enlivening every Aspect of the Fullness of the Light of Genesis through your work with each of the Blessed Tools of Genesis: the Flame of Genesis, the Wand of Genesis, the Pyramids, the Translator, the Wings, the Amplifier, the BioOscillator, All of the Tools of Genesis.

Every Tool has Great Value, Great Value on Many Levels: Great Value on the Level of the Body releasing the toxins, releasing the poisons; great Value on the Level of Enlivening those Particular Aspects of the Light of Genesis on the Individual Level of Experience as well as the Value for all of Society as we approach this Great Period of Eternal Light.

We are Very Blessed.

Dear Ones, it is good to take rest during these days of Knowledge, these Ten Days of Knowledge. Take extra rest. If you can, it will be good to taste the Elixir of Life during this special time.

Very Good. Many Blessings.

We Inaugurate a New Program of Knowledge

Lantos:

Greetings,

Today is the Day of Light, the Day of Eternal Light, the day we Celebrate the Brilliant Radiance of Eternal Light. We are Structuring Eternal Light on the Basis of Knowledge. These Ten Days of Knowledge have Enlivened Knowledge; we are Enlivening the Fullness of Knowledge, Fullness of Knowledge. It is very beautiful. The Fine Impulses of Knowledge give Rise to the Expressions of Knowledge, and it is through these Expressions of Knowledge that Creation Emerges. It is a Sequential Unfoldment. The Connection is always Present. The Connection between the Expressed Layers of Creation and the Non-Expressed Levels of Existence—the Source of Creation—Exists Within every Point of Creation. The Fullness of Knowledge Exists Within every Point of Creation.

When we speak of the Brilliance of Eternal Light, we are speaking of the Brilliant Radiance of the Source of Creation, which can be located Within Every Point of Creation. This is the Domain of the Pendant of Eternal Light—Enlivening the Source of Creation Within Every Point, Enlivening the Mechanics of the Initial Rotations Within Every Aspect of Creation. We are Enlivening the Presence of the Brilliant Radiance of the Creator, the Source of Creation, Within Every Expression of Creation. It is very beautiful. It is most beautiful.

This Brilliance we are speaking of, this is the Brilliant Light which was spotted many thousands of years ago. It was seen by those who could see. It was known at that time to be a Great Transformation for all of Humanity. This Great Transformation is fast approaching: two, three years. It is a Transformation brought about through the Mechanics of the Process of Initial Rotations. These are the Mechanics of Creation. These are the Steps through which Creation Emerges. The Creator Creates through the Process of Enlivenment of Initial Rotations. The Pendant of Eternal Light Enlivens this Process of Initial Rotations, this Process of Creating. It is the Connection between the Source of Creation and the Expressions of Creation. Desires are Fulfilled through the Process of Creating. This is the Pendant of the Fulfillment of Desires, the Pendant of Miracles. Together, with the BioTranslator, this is a very effective combination for the Fulfillment of one's Desires.

Greater Importance, however, lies in its Nature to bring about the Change necessary to Structure the Great Transformation for Humanity. This is the Pendant of the Great Light of Transformation.

Now, on this day when we Celebrate the Radiance of Eternal Light, we Inaugurate a New Program of Instruction, a Program of Knowledge. To Bless this World for the Blessings of All, we will offer next year Courses of Eternal Light. These will be held in cities in the USA and in cities outside of the USA. During the program, we will train our Blessed Individuals of the Light of Genesis in the Process of Creating, the Mechanics of Initial Rotations. We will bring the Great Radiance, the Brilliance, from the Seat of Eternal Light; the Great Magnitude of Blessings from the Seat of Eternal Light will be brought to the doorstep of our Beloved Individuals of the Light of Genesis throughout this Blessed country whose Role as Leader is recognized around the World. This is the Significance of this Day of Eternal Light. Yes, Eternal Light Moves.

We began our discussions with Eternal Light, and we conclude our Ten Days of Knowledge with Eternal Light. From beginning to end, All is Eternal Light. Eternal Light is All. And, many of you drank the Blessed Elixir of Life during these days of Sublime Radiance for the Earth?

Cindy:

Yes, many people got the Elixir of Life water.

Lantos:

Very good. The Blessings will be enjoyed on every Level of Existence. Eternal Light for All.

Many Blessings.

The Course of Eternal Light

Lantos:

Yes, yes. Greetings. Very good.

The Course of Eternal Light—Courses of Eternal Light—yes, Knowledge Moves. Let us speak now of the Structure of the Course of Eternal Light. We are speaking of a Course to Bring Forth the Knowledge of the Source of Creation; we are bringing forth the Knowledge of Creating. And why is this Knowledge so important? Structured deep Within every Cell in the Body is the Process of Creating, the Mechanics of the Process of the Sequential Unfoldment of Creation. This is the Home of the Source of Creation. Structured within each Cell is the Process of the Emergence of All of Creation. Knowledge Awakens the Memory of this Process deep within every Cell; Knowledge Enlivens this Process of the Dynamics of Initial Rotations. The Pendant of Eternal Light is the Master Tool; it is a Tool for Mastering the Dynamics of the Process of Initial Rotations. Mastery of this Process brings about Fulfillment of Desires. It is the Mastery of the Process of Creating.

The Seat of Eternal Light is that Home for the Greatest Light in Creation. We will Bring Forth this Knowledge, this Course of Eternal Light, from our Blessed Seat of Eternal Light. The Knowledge of Eternal Light Dwells at the Seat of Eternal Light. The first course of Eternal Light will be offered at the Seat of Eternal Light. From here, Knowledge Moves. The Waters of the Vast Ocean will carry this Knowledge to the shores of America. We will offer the Course of Eternal Light first in the locations nearest the Seat of Eternal Light. Like this, Eternal Light will Move across the country; sequentially, Knowledge Moves. We are Blessing the country with the Radiance of Eternal Light. In the Year 2011 we will deliver the Blessing of the Seat of Eternal Light across the country.

Cindy:

Does that mean that we would be offering the courses starting at the West coast and going to the East Coast?

Lantos:

Yes.

Cindy:

So, do all of the cities have to be in the order of the line moving across the country?

Lantos:

No, we will begin on the shores closest to our Beloved Seat of Eternal Light. From there, we will visit five or six cities, progressing across the country, arriving on the Eastern

shores. After we have traversed the country, we will offer the Course of Eternal Light to any city in any location. 2011: it will be very important to Enliven the Radiance of Eternal Light across the whole of America. It is very Important. We are Structuring the Foundation for the Process of the Great Transformation on Earth. This is the Light of the Source of Creation; this is Eternal Light.

Now, let us discuss the Structure of this Program. The Course of Eternal Light will be offered on two consecutive days—two days—six hours the first day, and six hours on the second day. The Knowledge of Eternal Light; the Knowledge of Eternal Light delivered to the doorsteps of all.

Cindy:

We are ready to start production of the Pendant of Eternal Light, and it should be available sometime in August.

Lantos:

Very good.

Cindy:

Is there any kind of general definition you can give for the Pendant of Eternal Light that would help people to understand its purpose?

Lantos:

The Pendant of Eternal Light is the Master Tool to Bring Forth the Great Light of Transformation for Earth. This event was seen thousands of years ago, and now we are Blessed with the Tool to Enliven the Process of the Initial Rotations of Creation, the Process of the Source of Creation. As the Fullness of Supreme Radiance is Enlivened, all may be Achieved: health and abundant, Fulfillment. Keep this Pendant near to you for maximum benefits and enjoy.

Cindy:

When you say “near” does that mean that we need to wear it, or can we have it in a pocket?

Lantos:

It is not necessary to wear it. It will be good to have it near. It may be worn for greater ease. Very good. Very good.

Many Blessings.

The Scale of A Cosmic Transformation

Cindy:

Lantos came and I asked Him questions regarding the Pendant of Eternal Light.

Lantos:

Yes, yes. Eternal Light in the hands of many. We are placing the Dynamics of Creation, the Process of Creating, in the hands of many. We are Generating the Influence of the Enlivenment of that Value of Creation which is Responsible for the Complete Diversity of All of Existence. We are Enlivening the Value of the Source of Creation. Yes. And this must be accomplished in numbers. It is most Significant, most Important, that we have Established the Seat of Eternal Light—that Singular Location wherein the Finest Values of Universal Existence Dwell. This is the Accomplishment that has Opened the Doors for the Change necessary to bring about the Great Transformation which is drawing very near. This Value of Great Change requires many hands, many Individuals.

We are speaking on the Level of a Redirection of the Flow of Time. It is on the Scale of a Cosmic Transformation. Though we are speaking of the Effects as they will be Experienced on Earth, the Underlying Event which is the Basis for this Transformation is on a Great and Vast Cosmic Scale. This Great Transformation has the attention of the Great Universal Beings of Light. It is during this period of time that those Individuals seeking to offer their assistance and support—those Blessed Individuals will Receive the Sublime Support from the Great Universal Beings of Light.

It is a Universal Cycle of Light and Time. The phase on Earth is ending. This phase, or cycle as we may refer to it, has been governed by the rigid boundaries of Time. While the concept of Time may be very abstract, the Effects of this Cycle of Time have led to a Specific set of Laws, or Rules of Functioning. All of Nature obeys the Universal Laws of Functioning as set forth by the Cycle of Time. This Produces very Concrete Influences. It is now during this Process of the Great Transformation of this cycle that the Domain of Influence will Shift from the grip of Time into the more Sublime, Radiant Directorship of Eternal Light—that Value of Creation Responsible for the Emergence of All Structure and All Form.

One may say, yes, the Time is coming to an end; in one sense, one may say this, just as one day ends and then one new day begins. This is the Way of the Cycle of Existence. What is Most Important is that Moment in Between the old and the New. In that Value of neither the old and not yet the New, in that Sublime Value, all of the Events of the Future are Structured. All events which will unfold during the entire Cycle of the Next Era are Awake in a Non-Existent but Lively State in that Sublime Value between the Phases and Cycles of Time. This is the Birthplace of Creation, the Source of Creation, and that Great Universal Intelligence—which out of the Infinite Realm of All

Possibilities Enlivens certain Values for the Next Cycle—this Great Universal Being of Infinite Light and Intelligence, this is that Being which we refer to as The Creator. The Creator. Out of this Field of Eternal Light Emerges the Ten Radiant Beams of Light and Direction. These are the Framework for the Structuring of the next Cycle of Existence.

The Pendant of Eternal Light is that Tool to Generate this Great Transformation, and this Tool must be in the hands of many. Let us consider now Ways that we can place this Tool of Great and Timely Significance into the hands of many, into the hands of All. Let us consider this now.

Yes. Very good. Very good.

Blessings to all.

The Great Connection Between the BioTranslator and the Pendant of Eternal Light

Lantos:

Greetings Dear Ones.

Cindy:

How does the Pendant of Eternal Light affect the BioTranslator? You had mentioned that there was a Connection between the Pendant of Eternal Light and the BioTranslator. Would you like to elaborate on that?

Lantos:

Yes, yes. Very good. The Connection of the BioTranslator with the Pendant of Eternal Light—it is the Connection of the Enlivenment of One Aspect of the Sublime Light of Genesis with the Enlivenment of the Whole of the Radiance of Eternal Light. One Aspect of the Process of Creation is Enlivened—gets Enlivened—by the BioTranslator: it is that Aspect of Creation Responsible for the Fulfillment of Desires. It is on the Level of Fulfillment of Desires—Specific Desires. Desires, One-by-One. Each Desire is Translated. This is our Beloved BioTranslator. Yes?

Our Blessed Translator Transforms each Desire into the Lively Impulses of Creation, which are picked up by the Beings of Light Vibrant on that Level of Creation, One-by-One. It is the Value of Connecting the Individual with the Field of Creation Awake to Receive those particular Impulses of Desire. The BioTranslator Establishes a Connection with that Level of Creation Capable of Fulfilling the Intent of the Individual. The BioTranslator Uplifts the Intent, or Translates the Intent, out of the Physical Expressions and places the Intent on the Level of the Radiant Light of Genesis. It is also on this Level, this Level of the Lively Value of Radiant Light, that our Blessed Pendant of Eternal Light Generates the Initial Rotations of Creation, the Process of Dynamics of Creating. The Pendant of Eternal Light Enlivens the Process—the Process of Creating, the Mechanics of Creation, the Mechanics of the Process of All of Creation; it is the Process for All. The BioTranslator is a Single Stroke—One-by-One, Desires Translated One-by-One. The Pendant of Eternal Light is the Enlivenment of the Source of Creation. Do you see the Connection? The Process of Creation and the Specific Intent set on the Proper Path—Enlivenment of the Value of the Source of Creation through the Presence of the Pendant of Eternal Light offers Fulfillment to the Goal and Direction of the BioTranslator. It provides the Goal for the Direction of the Specific Intent Expressed to the BioTranslator. Both are important: the Intent, the Specific Desire, Carried by the Proper Tool of Translation, Combining with the Fully Awakened Field of Eternal Light. This is the Connection. This is the Connection of our Blessed BioTranslator with our New Pendant of Eternal Light.

As the Tools of Genesis have spread, as the Light of Genesis has been Enlivened throughout the World through the use of the Tools of Genesis, the Doors are Opened for New Tools. In these final strokes of Transformation, we are Blessed by our Great Central Translator; we are Blessed by the Existence of the Seat of Eternal Light. These Significant Occurrences would not have been possible without the previous work accomplished by our Beloved Pioneers of the Light of Genesis working with the Blessed Tools of Genesis: the Blessed Pyramids of Genesis—the Great Educators; the Blessed Flames of Genesis—blazing through the darkness; the BioTranslator—Lifting the Precious Desires of our Workers of the Light of Genesis, Transforming Society.

Much has Changed. Great Changes have brought our Blessed Earth to the Doorstep of this Great Cosmic Transformation. Now is the time for the Pendant of Eternal Light to Illumine the Path, Connecting the Source of Creation with the Multitude of Expressions Within Creation, Enlivening the Source within every Aspect of Creation. Yes? Do you see the Steps of Progress? This is the Passage of Time. This is the Process of Evolution. This is the Process of Creation. We are Experiencing now the Greatest Steps of Change. Every day is Significant. Do not think, ‘Oh, I will wait until tomorrow to use that Tool to fix that problem.’ Do it today; always today. This is the pace we are set on. It is like approaching the great waterfall: the Pace of the Whole River gets Accelerated. It is a Great Transformation in the Course of the River. Transformation is preceded by a Great Acceleration. This is why we are Blessed with the Genesis Acceleration Program, our Beloved Chair of Genesis, our Beloved Elixir of Life. The Pace is Rapidly Accelerating. The Great Transformation is nearing. We will use our Blessed Pendant of Eternal Light to Enliven the Field of Eternal Light—the Source of Creation—to such a great degree that the Process of Great Transformation is very smooth. Yes, we will discuss this later. Now, we are speaking of the Great Connection between our Blessed BioTranslator and the New, Blessed Pendant of Eternal Light.

Very good. Very good. It is very good.

Many Blessings.

Using the Pendant of Eternal Light With The BioTranslator

Lantos:

Greetings Dear Ones.

Cindy:

How do we use the Pendant of Eternal Light with the BioTranslator for the best effects?

Lantos:

Yes. Now we will discuss the Method for Using our Blessed Pendant of Eternal Light. We will hold the Pendant in the palm of the hand. It is good to hold the Pendant in the hand. You may hold the BioTranslator in the other hand, or the BioTranslator may be placed on a nearby table.

Now, we have described the Intimate Connection between the Pendant of Eternal Light and that Layer of Creation Responsible for the Emergence of All of Creation. There exists an Inseparable Connection between the Pendant of Eternal Light and the Source of Creation, that Great and Sublime Being of Immeasurable Light responsible for the Emergence of All of Creation. It is to this Great Being—the Almighty Creator—that we Offer our Desire. Do you see? The Attention is Directed towards the Almighty Source of Creation, and when the Connection is made—maybe it takes five seconds, ten seconds, maybe it takes one minute, but when you Experience some Feeling Within the Heart, some tingling, some feeling of happiness, something, something Within the Heart—at this time we offer to this Great Supreme Being of Light our Simple Desire.

Desires are Simple. A Simple Desire—there is Greater Strength in the simplicity. You may spend some time considering, ‘what is this Desire I have?’ But, once you have reached the Realization of the Desire, it is always Simple. Truth Exists in a Simple Form. We will find Greatest Results with our Simple Desires.

You may repeat this Process many times. There is no daily limit to the Fulfillment of Desires. We are Structuring the Proper Environment for Success in Desiring. This is a Natural Process. We are Enlivening—through the Assistance of this Great Tool of Eternal Light—we are Enlivening the Natural Process of Creating.

Desire, Fulfillment of Desire, is the Process of Creating; it is the Process of Creation. Through the Blessed Pendant of Eternal Light, we are Enlivening the Process of Initial Rotations. Creation Emerges through this Sublime Process of Initial Rotations. Yes? Simple. We are Blessed with this Very Great Tool. It is a Tool of Eternal Light. It is the Pendant of Eternal Light.

Cindy:

You mentioned that we should hold the Pendant of Eternal Light in our hand when we use it. Will wearing it have any effect?

Lantos:

Very good. Yes. Wearing the Pendant of Eternal Light still Enlivens The Radiant Source of Creation. We practice the Process of Desiring by holding the Tool in the palm of the hand in order to allow our attention to be with the Tool, to encourage the attention to be with the Process, the Process of Desiring through the Enlivenment of the Initial Rotations of Creation.

Cindy:

Would we still place our written desires under the BioTranslator?

Lantos:

Yes, it is very good, very Effective, to place the Desire under the Blessed BioTranslator.

Cindy:

Should we be thinking of the same Desire when we are holding the Pendant of Eternal Light, the same Desire that's under the BioTranslator?

Lantos:

It may be this.

Cindy:

Does it have to be the same Desire?

Lantos:

It does not have to be the same; it need not be the same. The Capacity for Comprehension on the Level of Creation is Limitless. The Galaxies are Moving at the same time as this small, small Desire is being Addressed. The Capacity is Limitless. There is no Limit to your Desire. Only, it will be good to practice to offer the Desire in a Simple Manner. We offer with Simplicity. Very good. We will continue. It is very good.

Many Blessings, Dear Ones. Blessings.

The Heart Is the Seat of the Source of Creation

Lantos:

Greetings Dear Ones.

Cindy:

And He paused and I mentioned to Him at that point that we have visiting today, this weekend, a class from Aspen, Colorado and they have come for the Seat of Eternal Light to do the program here.

Lantos:

Very good. The Radiant Light of the mountains has come to enjoy the Brilliance of Eternal Light at the ocean. Beautiful. From the Stillness of the mountains to the Silence of the ocean, we welcome our Blessed Masters of the Light. Very Good. Very good. Enjoy.

We are Blessed by the Presence of the Great Beings of Light in our Beloved Seat of Eternal Light. Yes. Even the Great Universal Directors of Time and Events enjoy the Blessings of the Sublime Light, the Eternal Light, the Brilliance of the Source of Creation Lively on these ocean shores. Here the Connection is Established between the Physical Existence and the Source of All of Existence, the Vibrant Level of Light Responsible for All of Creation.

Our Beloved Pendant of Eternal Light Enlivens this Connection with the Process of the Initial Rotations of Creation, the Initial Rotations of Creation. It is through this Process that Creation Emerges. Desires are Translated into Existence. This is the Level we are speaking of, this Fundamental Level of Existence. And, just as Eternal Light has its Physical Seat in our Blessed Location on the ocean shores, our Beloved Seat of Eternal Light, like this, like this we may Locate the Seat of the Source of Creation Within the Individual. This Seat of Eternal Brilliance may be Located Within the Heart, Within the Heart of Every Individual.

The Heart is the Seat of the Source of Creation, that Spark, that Brilliant Spark which is both the Source and the Goal of Human Existence. That Spark may be Located Within the Heart.

The Tools of Genesis Remove all Obstacles from the Connection with this Infinite Source of Radiance. The Blessed Pendant of Eternal Light Enlivens this Sublime Connection.

Cindy:

And then He asked:

Lantos:

Do we have Experiences coming in from the Pendant of Eternal Light, Experiences with Desires?

Cindy:

And I did not have the answer at that point. I said I'm not sure if the people have begun to receive the Pendants yet, that we have our Pendants and that we've definitely noticed that things have been happening, you know, much more easily and that our desires are fulfilled even as we have them and that things are just going so well. So, I gave Him some personal examples but I said I did not know whether or not the people had begun to receive the Pendants. And He said:

Lantos:

Yes, Yes, we must place this Pendant in the hands of many.

Cindy:

And, then I asked Him another question that had come up from what He had been--how He had been describing to use the Pendant last week. He had mentioned that we would place it in the palm of the hand. So, I asked Him, if we wanted our hand to be open or closed over the Pendant? And His response was:

Lantos:

The Pendant is Held. It may be Held.

Cindy:

So, I said, "So closed, we would put our fingers around it?" And He said:

Lantos:

Yes, Yes. Let us send out the Pendant of Eternal Light to our Blessed Pioneers of Light, our Blessed Masters of the Light. Good. We are very Blessed with this Great Period of Time. It is a Great Blessing to be on the Earth at this time.

Very Good. Now enjoy.

Questions About the Pendant of Eternal Light

Cindy:

Today when Lantos came He began by immediately asking about the Pendants of Eternal Light and this is with reference to last week's dialog and what He was discussing last week. So, He began by saying:

Lantos:

Greetings Dear Ones,

The Pendants, do we have the Pendants?

Cindy:

And I answered that, yes, we have the first group of about 25 Individuals had received the Pendants this last week, the course participants for the Seat of Eternal Light here in Honolulu, and that these people had had already very good experiences with the Pendants and but I didn't have any of the experiences, any of the written experiences on hand to read to Him. But that their experiences were very good. And He responded:

Lantos:

Very Good.

Cindy:

And then He paused and so then I just went on to say that I know that one lady, that, that all of the Course participants were using the Pendant of Eternal Light together with the BioTranslator and also together with the Great Central Translator here just as He had mentioned, just as He had described. And that one lady, when she was using her Pendant of Eternal Light with the BioTranslator, noticed an arcing light going between the BioTranslator and the Pendant of Eternal Light. And He said:

Lantos:

Yes, the Connection is there: The BioTranslator, the Great Central Translator, the Pendant of Eternal Light. And there is some Experience of Enlivenment Within the Heart, some Enlivenment, some Feeling Within the Heart?

Cindy:

And I answered, yes, that, you know, a number of Individuals had mentioned—had commented about—the Experience they had felt Within their Hearts and that I also have Experienced Within my Heart when I use the Pendant as well. And He said:

Lantos:

This Simple Process Establishes the Connection between the Desire and the Source of Creation responsible for the Fulfillment of all Desires. This is a very important Process. This Process happens almost Immediately. With practice, this Process Requires very little time. At first, it is a Conscious Process of Shifting the Attention onto the Heart, onto the Location of the Heart. As the Attention Shifts from the Desire or from some other point of focus onto the Quality of the Heart, we are met almost immediately by a slight Impulse, a Spark, some good feeling coming from Within the Heart. At this time, Dear Ones, return the Attention onto the Desire or onto the Pendant within the hand. The Presence of a BioTranslator nearby is very good.

Cindy:

And then He paused for a long time so I asked a question: Could He please describe to us what He means by having a simple Desire? Does a simple Desire mean that the Desire has fewer details? Or does it mean its shorter? Could He just describe more what He means by simple Desire?

Lantos:

Yes, Simple is Better. Simple is more Powerful. A Simple Desire is a Desire nearer to the Field of Intention. It is away from the Field of Concrete Expression and nearer to the Subtle Field of Intention. We are looking for that Simple Intent which Underlies the Concrete Expression.

Cindy:

So, again He paused and I asked Him: “So should we leave out the details?” And like, for instance, I said to Him, “I just thought of something, I said, If we were having the Desire for a red Ferrari with racing wheels and, like, sunroof and that we would like this car next month. Would that be the kind of Desire that would be simple enough?” And then He paused and He said:

Lantos:

Yes, we may say red Ferrari.

Cindy:

So then He paused again and so then I asked Him, “So we leave out the parts about that I want a red Ferrari, we just say red Ferrari and we leave out some of the details and the details about time, about the timing of when we want it?”

Lantos:

The Nature of Time is Connected with the Object of Desire. The Nature of Time is Overseen by Great Beings of Vast Intelligence Governing the Flow of Cosmic Order. In most cases, Timing is Inherent Within the Intent or Outcome. The Nature of Time is well Governed. We will make friends with these Great Lords of Time. We offer our Respect and Gratitude to the Great Beings of Cosmic Order.

Cindy:

And, again He paused, so I said: “So we just say the actual thing that we want, we leave out the part I want this or I want that, we just say what it is?” And He said:

Lantos:

Yes, this is an Intent.

Cindy:

So I said, “So it should be a sentence or it should not be a sentence, like it should be short like maybe two or three words?” And He said:

Lantos:

It may also be an Expression. It may be longer than two or three words.

Cindy:

So I just responded to Him, “OK, we’ll practice.” So that was, that was as much as I could think of to ask Him about the details of simple. And He said:

Lantos:

Yes, you will know your success through the results.

Cindy:

And when He said that, I thought about one Individual who had a Desire with the Pendant of Eternal Light just in these past few days here at the Seat of Eternal Light and that Individual said the Desire was Fulfilled immediately. And I told Lantos that and He said:

Lantos:

Yes, this is Success. Very good Success. This is the Pendant of Eternal Light. We are Restructuring the Quality of Life on Earth in a very short amount of time. This is the Power and Capability of Eternal Light, each Pendant of Eternal Light. Each Individual is making a Great Contribution to this Cosmic Transformation through the use of the Pendant of Eternal Light. Each Individual is Contributing to this Great Shift.

Cindy:

And at that point, I read to Him some questions that we had about business questions. So that was the end of our general discussion for this week’s dialogue.

We Will See the Miracles Emerge

Cindy:

Lantos came and said,

Lantos:

Greetings.

Cindy:

And I had in front of me a stack of papers of the Experiences pertaining to the Pendant of Eternal Light—so, I read through each of these Experiences for Him to hear. And, during His comments that follow, He refers to some of the Expressions out of the Experiences—like when people have said, “...Brilliant Light” and things like that—He’ll refer to those Experiences, to those words, during His dialogue. So, here’s His words now:

Lantos:

Beautiful, very beautiful. The Blessings are Immediate and Full. We are Enlivening that very Source of All Expressions of Creation. We are Enlivening the Source of All Creation. It is Beautiful—very good Experiences. Very Good.

The Brilliant Light spoken of, this is the Brilliant Light of that Fundamental Level of Creation out of which All Creation Emerges.

It is a Brilliant Light.

It is a Radiant Light.

This is Eternal Light.

We will see many Miracles Emerging out of this contact with the Fundamental Basis of All Expressions.

It is through the Contact with that Experience Within the Heart, even a Slight Feeling of this Warmth, this Glow—we will see the Miracles Emerge.

This is the Source of Miracles.

This is the Source of Creation.

Yes, we are Experiencing Directly, that Finest Level of Existence of Creation.

It is so Full, so Radiant, so Brilliant, as the Experience described—as to be Greater than the Entire Field of Creation. That is why we refer to this Experience as the Experience of the Source of Creation.

It is beautiful. Yes?

Cindy:

And then He paused a long time so I asked a question that has come up based on a lot of Experiences. Since having the Pendant of Eternal Light there've been numerous Experiences with the colors of the Wheel of Hope, with the Wheel of Hope itself, so, I asked the following question: You've spoken about a Connection between the Pendant of Eternal Light and the BioTranslator and we were wondering if there is any Connection between the Pendant of Eternal Light and the Wheel of Hope?

Lantos:

Beautiful, very good. Yes, it is very Beautiful.

Yes, our Blessed Wheel of Hope—we have spoken of that Value of Warmth, that Value of Radiance.

It is through the Radiance of Eternal Light that the Quality of Warmth is Generated. The Warmth is the Effect of that Sublime Radiance of Eternal Light. The Warmth is Generated as the Memory is Awakened—Memory of the Process of the Emergence of All of Creation through the Dynamics of Initial Rotations.

It is the Warmth.

The Wheel of Hope is that Value of the Warmth of the Source of Creation.

Together with the Master Tool, our Blessed Pendant of Eternal Light, we are Mastering the Fundamental Process of Creating, the Process of Fulfillment of Desires. It is a very beautiful Process.

We will describe this Process more Fully as we Unfold the Knowledge of the Course of Eternal Light.

Yes, it is most beautiful.

Now, we will continue our Practice with our Blessed Pendant of Eternal Light.

Yes? Very Good.

Many Blessings, Dear Ones. Yes, Very Good.

Wheel of Hope, BioTranslator and the Pendant of Eternal Light

Cindy:

I had a stack of Experiences of the Pendant of Eternal Light which we've been collecting from Individuals this past week and so Lantos came and He began by saying:

Lantos:

Very Good, now we Receive the Blessings of Knowledge. And, we have more Experiences?

Cindy:

Yes, and I had them right in front of me so I began to read to Him from the Experiences. And, here are His comments:

Lantos:

Yes, calming, very good, Calming Influence, very Natural. Yes, the Brilliant Light and the Warmth. Yes, with our Beloved Master Tool the Effects will be felt even from the beginning. We will see the results right away, very good. We do not need to be Aware of the Proper Path in order to Receive It. The Blessings will come in ways we do not expect. Blessings are coming. The best Blessings are coming. Yes, the Courses of Eternal Light. Yes, we will discuss this program.

Cindy:

So, I had completed reading to Him all of the Experiences and then I discussed with him just a few minutes about the details of the Courses of Eternal Light and then He referred back to the Experiences:

Lantos:

Very good Experiences, very good. This Experience with the Wheel of Hope: the Wheel of Hope is the Expression of the Enlivenment of that Fundamental Level of Sublime Light, that Fundamental Level which we refer to as the Source of Creation. Our Beloved Master Tool Enlivens this Unlimited Source of Radiance on the Level of the Individual Within the Individual. Yes?

We have seen this from these Experiences, the Experience of Brilliant Light, the Light, the Warmth, that feeling of Happiness, Peacefulness, the Warmth. The Warmth Emerges out of this Enlivenment of the Radiance of the Source of Creation. The Radiance of Eternal Light, the Warmth comes as the Radiant Value of Eternal Light Enlivens the Sublime Aspect of Universality on the Level of the Individual.

We may say this is the Process of Awakening the Memory. The Warmth is Produced as the Memory gets Enlivened, Memory of Universality on the Level of the Individual. This

Process takes place in the near vicinity of the Source of Creation. The Warmth is Found in the Near Vicinity of the Radiant Source. Yes?

This is the Relationship of the Wheel of Hope with our Blessed Master Tool. The Warmth is the Wheel of Hope and we find it located in the Near Vicinity of the Process of Initial Rotations, the Sublime Level of the Source of Creation. The Wheel of Hope Connects this Divine Sublime Field of Limitless Brilliance with the Individual. When we look carefully at the Process, this Process of Creating, we will Locate this Emergence of Warmth. From this State of Warmth, coming out of this State of Warmth, the Blessings Flow onto the Individual Concrete Level of Existence. You see?

Out of the Warmth the Individuals enjoy the Blessings of the Source. The fire may be enjoyed by the Individual through the Blessings of the Warmth. The Warmth is the Memory. This is the Blessed Wheel of Hope. The Flame is enjoyed through the Warmth. The Fiery Radiance is enjoyed on the Individual Cellular Level through the Value of Memory and Memory is this Warmth. You see the Significance?

The Wheel of Hope is at once Erasing the Negative Effects of the past as well as Bringing on the Blessings into this Concrete Plane of Existence. It is in very close Connection with our Blessed BioTranslator. There is a very close Relationship between the Role of the BioTranslator, the Role of the Wheel of Hope, and the Functioning of our Blessed Master Tool of Eternal Light.

Already we have had in our possession the Tool of Warmth, The Wheel of Hope. Already we have had in our possession our Blessed BioTranslator, the Tool for the Fulfillment of Desires. Now, we are adding the Generator, the Master Tool for the Enlivenment of the Source of Creation, the Fundamental Basis of Creation. Enlivenment of this Fundamental Level Enlivens all Aspects of each of the Tools of Genesis. We are Supplying the Power to the Tools. It is like Establishing the Connection with the Generator. The Electricity Flows into the Tools. Already this Sublime Energy was present. Always, this Sublime Energy has been present. Only now, through the Establishment of the Seat of Eternal Light for All Mankind we have seen the Emergence of this Master Tool, the Pendant of Eternal Light.

It is through the Establishment of this Blessed Seat on Earth for that Highest Value of Light in Creation, that Sublime Radiance of Eternal Light. We have seen now the Emergence of these Great Master Blessings: the Pendant of Eternal Light for the Enlivenment of the Source of Creation and the Elixir of Life for the Establishment of the Proper Sequence Code on the Level of the Physical Cellular Structure. These are the Master Blessings. It is through the use of these Tools that we will find Great Changes Occurring Rapidly in the coming months. Great Changes.

Very good. Very good. Blessings.

Pendant of Eternal Light and the BioTrinity

Lantos:

Greetings Dear Ones,

Cindy:

And then He paused and I had a stack of Experiences in front of me, the Experiences that people had been sending in about the Pendants of Eternal Light. And so, I began to read to Him those Experiences. Mostly He was just silent. But, at certain points during some of the Experiences, He made comments. So, I'm going to read little excerpts from those Experiences along with His comments.

One Individual was saying ...that things are easier and smoother--also having better revenues. Lantos' remarks were:

Lantos:

Yes, Smoother and Easier. Very good. This is a very good Experience.

Cindy:

Someone asked that whenever Lantos gives more information about the Course of Eternal Light—that they would like to know and Lantos made the remark at that point that:

Lantos:

Yes, we will structure now the Courses of Eternal Light.

Cindy:

Another Individual says that they wear and use the Pendant of Eternal Light with BioTrinity. The first day I wore them together there was much blissful warmth especially in the area of the Heart and Navel and His comment was:

Lantos:

Good, Very good. The Warmth is very good.

Cindy:

Another experience that begins with a question: Does the Process of Proper Desiring Automatically Contain the Fulfillment of the Desire? And, Lantos' comment was:

Lantos:

The Process, yes, the Fulfillment is Contained in the Process. Very Good.

Cindy:

That Experience goes on to say that this Individual had a mental desire for improved nutrition and taste in my food. And Lantos at that point made a comment:

Lantos:

Good food, good taste, very good.

Cindy:

In another Experience, an Individual is ...Calling for Total Illumination and the Activation and Enlivenment of the Eternal Light within me. And, this works well in a Circle of Wheels holding a Wand and Translator and with the Wheel of Hope and BioTrinity. This is most wonderful and sometimes produces warmth, either localized or all over. And, again, Lantos made a comment at that point saying:

Lantos:

Warmth, very good. Yes.

Cindy:

Another experience, an Individual says, I seem to make systemic changes more readily.

Lantos:

Beautiful. You see the Transformations? The results are Limitless. The Result is Fulfillment.

Cindy:

So, those were His comments about some of the Experiences and I just continued to finish reading to Him the Experiences and then I asked a question: Is there a Connection between the Pendant of Eternal Light and the BioTrinity? And He responded:

Lantos:

Yes, the Pendant of Eternal Light may be used with every Tool. The Pendant of Eternal Light is the Master Tool, a very Great Blessing. We see the Effects: Greater Ease, Smoother Daily Experiences. These are the Signs of the Great Process of Transformation. Great Events announce themselves with a quiet whisper. It is that gentle feeling of Warmth in the Heart, the feeling of Happiness, Peacefulness, Smoothness, Ease. These are the Great Signs of Accomplishment.

The results on the outer Levels of Expression simply follow: finding the lost object, receiving the money, starting the new job. These Experiences come along Automatically. It is very beautiful, a beautiful Process. Yes?

Yes, the Pendant of Eternal Light may be used together with each of the Tools. We will find Great Results coming out of this addition of our Master Tool.

We are speaking now of the Course of Eternal Light. It is a Master Program for Creating. We will find Great Blessings, Master Blessings Emerging out of the Combination of the Pendant of Eternal Light with each of the Tools of Genesis.

The BioTrinity: Yes, there is a close Connection, a Deep Connection, between the Pendant of Eternal Light and the BioTrinity.

We are speaking of the Blessed Rays of the Source of Creation. These are the Fiery Rays of Truth. The Blessed BioTrinity enlivens this powerful aspect of Radiance of the Source of Creation. This Radiance is the Light of Vision, the Fiery Vision of the Eternal Source of Creation. Yes, Light is Eternal. This is Eternal Light, the Light of the Source of Creation. We are Blessed to Receive this Sublime Radiance, this Fiery Radiance on Earth at this time. This Fiery Radiance is that Element which Expels All Darkness. The Pendant of Eternal Light Enlivens the Level of Wholeness, the Entire Field of Creation at its most Fundamental Level.

The Pendant of Eternal Light together with the BioTrinity-- it is a most beautiful combination. It is the Combination Producing Supreme Love, Supreme Radiance, the Pure Flame of Truth. It is Great Purity. We do not wish to Expose this Great Purity to the cluttered state of collective awareness. This Experience is to be Safeguarded. Do not wear this combination if you are surrounded by a group with chaotic thinking. We wish to Invite this Precious Flame of Truth, the Sublime Light of Vision, only into a Suitable Environment.

Cindy:

And He paused and I asked Him: Does that mean that we should not wear it—like, the combination--to a shopping mall? But, He didn't exactly answer that question He just went on.

Lantos:

We offer Great Respect to the Blessings we are receiving. We receive these Blessings with Respect and with Deep Gratitude. These Blessings are Emerging onto the Surface Level of daily life as this Process of Transformation draws nearer. With each passing week, we will find the Experiences coming in with increased results. We will Experience over the coming months, an increase, a dramatic increase in the Results of all of the Tools of Genesis. This is why we will be Offering the Knowledge to Accompany these Great Blessings: The Knowledge of how to best use these many Blessings, The Knowledge of Creating. Yes?

Very Good. Many Blessings.

The Great Process of Transformation

Lantos:

Beautiful. It is very beautiful. The Brilliance of the Almighty Source of Creation Blesses this Earth. The Radiant Light of the Almighty Source of Creation Illumines every Layer of Creation, every Layer of Creation.

The Pendant of Eternal Light Enlivens the Layers, the Layers.

There is less Radiance on the Surface, Greater Brilliance on the Inner Levels of Existence. Yes, this is the Domain of the Blessed Elixir of Life. We are Awakening the Finest Layer and thereby Purifying, Cleansing, the Outer Layers of Life. It is a Physical Process and this Process begins immediately.

This Process of Enlivenment of the Inner Seed, the Inner Pure Value of Physical Existence begins with the Initialization of the Blessed Holy Waters. Through the Supreme Blessings of the Radiance of the Source of Creation, we are Enlivening on its most Fundamental Level, that Inner Knowledge of Wholeness.

It is a Complete State of Balance and Harmony.

Out of this State of Wholeness of Knowledge, the Process of Physical Transformation begins. This Process must bring the Knowledge of Wholeness to every Layer of Life.

It is a Beautiful Process.

It is the same Process which occurs on the Outer Levels of Society.

On the Larger Scale, it is the same Process of Emergence of the Inner Radiance, the Inner Value of Eternal Light onto the Outer Expressed Levels of Life, Transferring the Brilliance of Eternal Light. This is the Great Process of Transformation.

On the Level of the Individual; on the Physical Level of the Cells Within the Body, this Process of Transformation is Accomplished through the Elixir of Life.

On the Greater Scale; on the Level of Society, on the Global Level, this Process of Transformation is brought about through the Enlivenment of that State of Eternal Light and this may be Achieved through our Beloved Pendant of Eternal Light.

You See?

This is the Great Process of Transformation. The Courses of Eternal Light will greatly Accelerate this Process of Transformation. We will train the Individuals on the Process of Creating. This means Mastering the Levels of Expression as Eternal Light Moves from the Inner Level out onto the Level of Expression.

We will train the Individuals to gain Mastery over the Process of Creating.

Yes, it is very good, very good.

Next year, the Year of Mastery of Creating through Enlivenment of Eternal Light...
Mastery of Creating, Masters of Creating.

Very good. Very good. Many Blessings.

Desiring With the Pendant of Eternal Light

Cindy:

When one is offering one's Desire with the Pendant of Eternal Light, can one offer a series of several Desires at one time, or should it just be one Desire, followed by a waiting period before offering another Desire?

Lantos:

Very good. Yes. It will be good to Allow some time before introducing an additional Desire. Some time can be 10, 15 seconds; 20 seconds—like this. In this way, the Desire may be Fully Received, Properly Placed—Placed in the Hands of the Source—the Source and the Fulfillment of All Desires—that Level of Creation Responsible for the Emergence of All of Creation. First, we allow for the Connection to be established between the Individual and that Universal Aspect of Existence, the Spark of the Almighty Creator, Within the Individual. This is Accomplished by simply holding the Master Tool—our Beloved Pendant of Eternal Light—and, in a peaceful state, allow the Connection to be made Within the Heart with that Great Universal Being of Sublime Radiance.

Cindy:

Will we always notice the Sensation Within the Heart? What if someone does not actually notice anything Within the Heart—any tingling, happiness, or other sensation—while holding the Pendant? Should one continue to wait, or should one just go ahead and make the Desire?

Lantos:

The Experience will be there. However, at times, one may not be Aware of the Experience. One may hold the Blessed Master Tool, but for some reason, one may not be Awake to the Experience of the Sublime Connection. It may not always be a Clear Experience. At times, one may be tired, or one may have another impediment which blocks one's ability for a Clear Experience of this Divine Connection. It is the Connection with the Divine Spark of the Source of Creation. When we say "Spark" we refer to the Brilliant Radiance—the Nature of Sublime Illumination—which may be Directly Experienced by the Individual when Opened to that Level of the Source of Creation. Yes?

Cindy:

So, then I added, so should we even wait for the feeling if it takes a few minutes, or should we simply go ahead and offer the desire?

Lantos:

Wait for a minute. Do not push to look for the Experience of Inner Radiance. Only, allow the activity of daily life to settle down, and then proceed with the Desire. If the Experience is there—clear and strong—very good. Beautiful. Eureka! If it is a little hazy, it is not a problem, continue with the Desire. Wait a minute or so, then continue. Just that slightest attention on the Value of Radiance Within the Heart while holding the Blessed Pendant of Eternal Light is sufficient to Awaken the Deep Connection. It is very good.

Cindy:

What if one is unsure if one has this feeling, or if the feeling of happiness comes in their mind instead of their Heart?

Lantos:

Yes, Happiness may come. This is very good. This is what we are saying—some feeling, some Happiness. Good. Then, make the Desire. After we have easily made this Desire, we enjoy the Silence, or Peacefulness, for some time. Then, we may make another Desire, a different Desire.

Cindy:

Is it more effective to continue to Focus on the Desire for some time, like for several minutes, or to simply Express the Desire and move on? Is it okay to offer the same Desire several times at one offering?

Lantos:

It is a Simple Desire. We simply introduce the Desire and feel content that the Desire has been Placed in the Proper Hands—Placed on that Level of Existence responsible for the Creation of the Great Expanse of Universes. It does not require a great effort from our side, only Placing the Desire Properly. And a Properly Placed Desire is achieved through the Simple Steps we have described. The Pendant of Eternal Light is a Master Tool. Already, the Level of Eternal Light—that Level of Sublime Radiance—is Enlivened. We are simply acknowledging this Sublime Connection and proceeding to Offer a Direction for this Great Universal Intelligence to Flow. We are Offering merely a Direction. It is a Simple Suggestion, that is all. This is Desire. This is the Process of Desiring. Simple. It is a Formula for a Particular Path to Open. We are Offering a Formula. It is not through our effort that the Path is Opened. It is through a simple suggestion Properly Placed—Placed on that Sublime Level of Existence Enlivened through the Use of our Blessed Master Tool, our Beloved Pendant of Eternal Light. Yes. Very good. Very good. Now, let us practice this Process and Enjoy. It is for all to Enjoy. It is a Great Transformation.

Very good. Many Blessings.

The Great Central Translator

Lantos:

Greetings Dear Ones.

Very good. Yes? It is very beautiful. We are Establishing a Great Center of Light. We are Enlivening the Field of Eternal Light for the Blessings of All Mankind, for All, for every Individual.

It is a Great Blessing to be on Earth at this time of Great Light. Our Blessed Great Central Translator Functions as a Central Generator for the Enlivenment of the Connection between the Individual and the Layers of Greater Energy and Radiance, the Domain of the Great Cosmic Beings of Light. The Great Central Translator Enlivens this Connection.

This is for all to Enjoy.

From your own location, even far away measured in distance, you Receive the Great Blessings of the Enlivenment of this Sublime Connection.

Our Blessed Great Central Translator Generates a Lively State of Receptivity. It is a State of Enlivened Receptivity. Yes?

Even in a crowded room many voices, many sounds, the mother hears the voice of the child and immediately the attention is given to the child. The connection between the mother and the child is a lively field of receptivity. It is an established state of receptivity. Even the sound of the child's voice draws the attention. You see?

Like this we are Enlivening that Precious Connection between the Individual Layer of Expression and the Sublime Level of Existence of the Great Beings of Cosmic Radiance. Like a mother upon hearing the child's voice, the Desire is to Fulfill the Wishes. The Desire is to bring Satisfaction and Fulfillment. This is the Relationship we share with the Great Beings of Cosmic Radiance. The very Closest Relationship, the most Intimate Connection, and through the Enlivenment of this Connection we Receive the Flow of Blessings from the Sublime Realm of Eternal Light. Yes?

The Blessed Pendant of Eternal Light acts as an antenna to Receive the Radiance from our Blessed Great Central Translator. With our Blessed Pendant of Eternal Light we are Enlivening the Source of Creation, the Sublime Level of Existence responsible for the Emergence of All of Creation. It is very beautiful, very beautiful. Our Blessed Great

Central Translator Enlivens the Connection between the Great Cosmic Beings and the Individual. It is a beautiful Relationship.

Every Step is Significant. When the Path is being traversed at such a fast pace, every Step is Significant. There is no time for mistakes. We ask the Great Beings for Guidance and Assistance. We Offer our Support and Participation in bringing forth this Great Transformation for all Humanity.

The Process of Transformation is well begun. We are well on the Path. We ask for the Blessings from the Great Beings of Cosmic Radiance—those Beings who Bless our Planet in Form at our Blessed Seat of Eternal Light—we ask for their Blessings, for all of Humanity, we ask for their Blessings.

Very Good.

Wake Up and Leave the Suffering Behind

Lantos:

Greetings,

We are very Blessed, Blessed by the Value of Silence which has Expanded into the Expressed Levels of Human Activity. It is tangible. The Presence of Silence on the Level of Expressed Creation is tangible. This is what we are Structuring for the coming Great Transformation. It is the preparation for the coming Great Shift of Human Experience. The Preparation is on the basis of the Development of that Value of Wholeness, that Value of Silence, that Value of Eternal Light.

Now then, we will offer our courses next year, Courses of Eternal Light, Courses on Creating. We are learning to Function on that Level of Creation responsible for the Creation of All, the Source of Creation. We now have the Tools, the BioGenesis Tools, the Master Tools of Eternal Light. We have our Blessed Elixir of Life to alter the Cellular Structure reintroducing to the Physiology the Proper Sequence Code for Health and Balance.

These are the necessary Ingredients to Structure the Ability to Gain Mastery in the Process of Creating. The Cells must know the Proper Sequence. Yes, the Process of Initial Rotations Within the Cellular Makeup must be Awakened. We are Enlivening, we are Awakening, the Value of Initial Rotations on the Level of the Individual. Yes?

The Courses will begin with our Blessed Founders at the Seat of Eternal Light.

Cindy:

And then I asked some questions about the details of the courses and the dates and so on and then he continued:

Lantos:

We are Enlivening the Basis for the Emergence of this New Level of Human Experience. The Steps of Preparation are most Significant, very Significant. Our Precious BioGenesis Tools have cleared many roadblocks, removed many obstacles and brought the Radiant Light of Genesis to the deepest pockets of darkness on Earth. Many calamities have been avoided through the Dedicated Use of these Blessed Tools. These are the Tools for Structuring the Great Transformation and these are the Great Tools for the coming New Era. We are so fortunate.

Cindy:

And then He paused and I asked, “During the Great Transformation would people’s lives be so different that they would—that they would notice this big change?”

And, He said:

Lantos:

Yes, this is the reason for the claims of the ending of Humanity. It is the ending of the Mass Suffering of Humanity, the ending of the Individual life cut off from the Source of Creation, severed from the Process of the Dynamics of Initial Rotations.

When we call it the Great Transformation, we will distinguish it from other times of significant advancements or developments in human history. It is such a Great Blessing. We have this Great Blessing of Communication: we are able to speak to our Beloved Masters of BioGenesis around the World at one time; we are able to post Knowledge for all to access according to their daily routine and schedule. And, and, this is the time Designed by the Great Universal Architect, the time Designed for Awakening. Wake up and leave the suffering behind. It no longer belongs in this New Era.”

Cindy:

And again He paused and I asked, ‘Will the Tools of Genesis Change’?

Lantos:

Very beautiful, beautiful question: There will be some Changes, some Alterations here and there. But, the Tools of Genesis which you have in your Blessed Tool box will remain with Increased Strength and Results. The Results or Value of Functioning of the Tools of Genesis will be Increased by many times as the Quality of Silence and Eternal Light Grows on the Level of Humanity.

This is the same Principle we have spoken of before: the same Tool in the experienced hand produces greater results. Like this, the same Tool in the Presence of Greater Silence and Radiance produces Greater Results. The difference is not so much with the Tool itself, it is with the Surrounding Conditions.

These are the Blessed Tools of Genesis, those Tools to lead Humanity into the Brilliance of the Sublime Light of the Great Transformation. It is a Great Transformation. And, it is through the Blessed Dedication and Service of our Masters of the Light of Genesis that we are preparing for a Smooth Process of Transformation. Yes, yes.

Many Blessings, Dear Ones.

Lantos:

From here, all may enjoy the Blessings. All may draw from the Life Sustaining Value of this Cosmic Layer of Existence.

Yes. Yes. These are the Great Shifts we are speaking of, the Great Shifts of this Blessed Time of the Great Transformation. Yes, the Great Transformation.

Dear Ones, we will train in the Methods of Functioning in this Shifting Phase, learning to gain Skill and Mastery in the Functioning Open to All in the coming times. You will train to Master these New Techniques which are only now making themselves available on the Platform of the Development of Earth's New Structure.

The Blessings are Limitless, Beyond the Description. This is why the Description once was the End of Time. Yes, it may be Seen this Way. From a Distance, it may be Seen this Way.

Blessed Masters of the Light of Genesis, continue your daily use with our Tools of Genesis. Continue your Devoted Practice with our Beloved Master Tool, the Pendant of Eternal Light--for it is certainly through your continuous efforts and dedication that this Supreme Process has Commenced.

Blessings, Blessings, Blessings.

The Process of Change

Lantos:

Greetings,

Now, let us consider the Blessings of Layers of Life.

The Process of Change occurs as a Sequential and Coordinated Series of Units of Transformation. These Individual Dynamic Units or Packages of Transformation take place on Every Level of Creation—from Subtle to Expressed.

Each Packet of Transformation contains the Knowledge of the previous Steps of Change, as well as, the Direction for the Future Unit of Change.

Knowledge is Complete. Knowledge is Integrated. Change contains within its Structure a Lively State of Direction. Yes, the Field of Change is Governed by Great Cosmic Intelligence, Intelligence and Memory, Memory of the Structure, Intelligence of the Direction of the Structure. It is clear?

Now this Process of the Great Transformation is a Universal Occurrence. The Effects are Universal, Change, Complete Transformation. We are speaking of Transformation on Every Layer, Subtle to the most Concrete, most Expressed. This Process of Great Transformation has begun. At every Stage of this Process, Intelligence and Memory Function to Unfold the next Element, Bring Forth the next Packet of Change.

Our Blessed Work with our Great Master Tool of Genesis, the Pendant of Eternal Light, Enlivens this State of Memory, Enlivens the Field of Intelligence. The Qualities of Memory and Intelligence are Enlivened Producing a Universal Vibration, an Awakened State of Potential. It is very beautiful, an Awakened State of Potential. In the Presence of this Awakened Vibration all Steps of Change occur more Rapidly, more Completely. We may even say, more Accurately, or more Fully. There is Greater Ease, less friction in the Turning of the Packets or Units of Change.

And where does this change occur? Change Occurs on every Layer of Creation, on every Level of Creation. But, as we are Aware, many Layers of Creation Exist without being Directly Experienced by the vast majority of people on Earth. Therefore, while this Process of Change has Commenced and is progressing daily, the Direct Experience of this Great Process is often lost.

Through the Passage of Time, the coming months, more and more Units of Change will be open to Direct Experience by all. This will occur for two reasons: one is the changing

values will occur on even the more Expressed Layers of Life cognizable by all; and the other aspect will be the expanding Value of Perception of every Individual.

As these changes occur, the effects will be felt on even the day to day level of functioning of every man, woman and child on this planet. These effects are Universal. Yes. Good. Transformation occurs on every layer of life, more and more, change will be seen and, more and more, every Individual's Ability for Perception will grow. Enlivenment of Eternal Light is the basis for the development of Greater Perception within every Individual. Very Good.

Different layers of Life are responsible for governing different aspects of Expressed Creation. Blessed Masters of the Light of Genesis, your work with the Tools of Genesis, the instruments of Eternal Light, your continued use of these Blessed Tools enlivens many different layers.

While the reason for utilizing one specific Tool of Genesis may be one thing, the effects or benefits are not limited to this singular result. The effects of any action are manifold. Effects will be felt on every Layer of Creation. Every action will have its effects on every level of Life. Our actions, as Masters of the Light of Genesis, are very significant. Our actions are very significant particularly during this Great Phase of Transformation. During this time, change is very rapid. The Process of Transformation is occurring with great speed and in this time of rapid advancement, we do not have room for errors. It is therefore, most important, most significant, that our actions be correct.

Blessed Ones, thank you for your service to the Light, your service to Eternal Light.

Many Blessings.

The Process of Initial Rotations

Cindy:

Lantos came and I had three different versions of logos for our Seat of Eternal Light on paper in front of me. So, He began by saying,

Lantos:

Greetings Dear Ones.

Cindy:

And, He paused, so I showed Him the different versions of the logo which included designs that have spirals inside them and He gave the rest of the dialogue based on those pictures and those designs.

Lantos,

We are examining the process of Initial Rotations. It is the process of Initial Rotations, the mechanics of the steps of Creating, the steps of Creation, emerging out of the Source of Creation. Our Blessed Symbol or Representation for the Seat of Eternal Light must reveal the Sublime Steps of this Process of Creating. It is a Sublime Process. Out of this State of Fullness, Creation Emerges through the Process of Initial Rotations. It is a Process of Fullness Expressing itself in parts. It is beautiful, very beautiful.

Fullness of one becomes Fullness Expressed as many. The Nature of Fullness has not been lost. This is very important. Yes? The Nature of Fullness has not been lost. Fullness may be Expressed as One or Fullness may be Expressed as Many. The difference lies in the Viewpoint, the Vision of Fullness. For many thousands of years the Nature of Fullness has been perceived by the Great Seers and Visionaries almost entirely in its Unexpressed State, its State of Complete Unity, All-Inclusive and Without Expression.

The Great Individuals of every age have claimed, "Eureka!" when the Vision has been Opened to this Blessed State of the Source of Creation. It is also owing to the element of time, the ingredient which Governs the Flow of Events. Owing to this Nature of time, we are now Blessed with the State of Fullness beginning to Vibrate, Fullness Vibrating Within the Expressions of Creation. And, it is for this reason that we are so fortunate, so fortunate.

Time: Time is a very valuable Tool for us in this great process of Awakening of the complete state of development available to every Individual during this period of the Great Transformation.

It is through the complete enlivenment of the dynamics of Initial Rotations that Creation is Awakening to the Full Value of the Sublime Source. It is a beautiful Process. And, it is aided by time. We may not be aware of the Value of Time because, from our perspective which is based on the level of the day to day flow of events, we do not grasp the greater Influence being managed by the Mighty Cosmic Force of Time.

Every element in this Process of the Great Transformation is significant. Time is one element.

Now, we were speaking of our Blessed symbol, the symbol of Eternal Light. We will use the Representation of the Dynamics of the Process of Initial Rotations, this is the Spiral. The Spiral may be divided into two as you have here. Or, we may show this same Process as one, one Spiral traveling In and Out—just as in our Blessed Pendant of Eternal Light.

Our Blessed Pendant of Eternal Light is a complete Representation of the Dynamics of the Process of Initial Rotations. Yes, this Form is a very beautiful Expression of the Sublime Dynamics of Fullness moving while remaining Fullness. Without leaving its own Nature as Fullness, Fullness has Moved into the Expressions of Creation. Without losing the Value of the Infinite, the Finite Expressions have Emerged. The Form is the Expression of Fullness.

The Source of Creation finds Supreme Happiness in the Process of Creating, in the Process of the Initial Rotations of Creation. It is a Process of Expansion of Fullness, Expansion of The Infinite.

The Pendant of Eternal Light is for Enlivening this Process of Initial Rotations. Very Beautiful. Let us use this Vision of Fullness as our Symbol of Representation for our Beloved Seat of Eternal Light, the Pendant of Eternal Light.

Yes, it is very good.

Many Blessings, Dear Ones.

We Welcome the Arrival of the Beloved Celestial Messengers of Peace

Lantos:

Greetings Dear Ones,

We welcome the arrival of the Beloved Celestial Messengers of Peace, a Winged Legion sent to illumine the Blessed Value of Peace on every Level of Earth's Atmosphere. This Mighty Force numbers in the thousands. We receive this Blessing in response to our Calls, our Calls for Smooth Transformation in this time of Great Transformation.

Such Mighty Forces may come to our Assistance. This is the great power you hold. This is the Great Influence you wield in Creation as your Thoughts and Desires become more Attuned to that Finest Layer of Creation, that Value of the Almighty Source of Creation. Every Thought, every Impulse, every small Whisper is Delivered with Great Strength and Effectiveness.

Yesterday as this nation chose its leaders to govern through this time of Manifest Destiny this Blessed Celestial Legion arrived for the Blessings of all on Earth. This Legion of Peace arrived. Yes, it must be that many of our Beloved Masters of the Light of Genesis had some Knowledge or Experience of this event yesterday. Is it the case?

Cindy:

And, I responded to His question by saying that I had not spoken with our Masters of the Light of Genesis since yesterday but that for myself, I was very happy yesterday.

Lantos:

Yes, this Legion is a Winged Legion. This collection of Celestial Light and Force Enlivens the Three-Fold Values of our Beloved Wheel of Hope. Happiness is always present as the Expressions of Eternal Light are Enlivened. It is important now to begin to recognize these Signs of the Manifestation of Desires. The Value of your Calls, the Value of your Use of the Blessed Master Tool: The Pendant of Eternal Light, these Acts which you Perform have Great Impact on the Course of this Process of Great Transformation. Yes, this Principle is very important. It is very important to understand this Principle which will Guide Action in these coming months.

When we Desire, we send out the Signal which Carries the Total Value of that which we Desire. We say, "Total Value," for every Desire, every Thought, Carries Complete Information, the Package necessary to Structure the sought after Result. This Ability is Inherent in every Human; this is the Quality of the Ability to Create. Only during previous times of lessor light the Natural Process of Fulfillment of Desire was interrupted. Interference existed on many Levels which prevented the Proper Translation into the Total Value of Fulfillment. Now, we are experiencing a Great Change in the Dynamics of the Support of Desires. This is due to the Uplifted Value of Earth's Atmosphere. And this, Dear Ones, is owing to the Great Work and Efforts of our Blessed Masters of the Light of Genesis Enlivening the Radiant Light of Genesis, the Light of Creation now for many, many years.

It is through your Efforts, your Work with the Tools of Genesis, that Desires may now find Greater and more Immediate Fulfillment.

An entire Legion of Light has come to Bless this Earth in response to your Simple Desires. It is the Enlivening of the Finest Levels of Creation. All of Creation responds. The response is Immediate. The response is Full. This is Fulfillment.

We are preparing for the Course of Eternal Light, the Course of Creating. Yes, Masters of Creating, the World is preparing. This is the time. Very good. And, you now are aware of the Power of your Desires: every Thought. It is very good.

The Practice with the Blessed Master Tool, this Practice has Great Results, Cosmic Results, Universal Results. Continue this Practice. Then the training will come. The Course of Eternal Light is the training program. Continue. Yes, Blessed Ones, continue.

Many Blessings.

The Different Principles of the Pendant of Eternal Light

Lantos:

Greetings.

Cindy:

And, He paused, so I asked Him a question that we've had, 'If we have a Pendant of Eternal Light that we wear, and if we have an extra Pendant of Eternal Light, would it be beneficial to place the Pendant on our written desires along with the BioTranslator and the Amplifier?'

Lantos:

Very good. Very good question. This brings up a very important point. The set of principles governing the functioning of the Master Tool are very different from those principles or qualities which are associated with other Tools of the Light of Genesis.

It is very beautiful.

We will analyze this now: The Tools of the Light of Genesis have set qualities, perform specific steps of progress, and achieve a pre-established direction for the outcome.

Let us consider our Beloved Pyramid of the Light of Genesis: We have here the Tool to perform the great task of the Role of Teacher, educating all in the environment, enlivening that level of the Blessed Light of Genesis, Awakening the Highest Value of Knowledge within the objects of the environment. The Role is Teacher, Educator.

When we use such a tool, a Tool of the Light of Genesis, we direct the energy of the Tool. We set in motion or guide along a certain path the set of results associated with that particular Tool. We govern the direction of the Tool.

The desire placed under the BioTranslator and Amplifier offers specific direction to the functioning of these Tools.

Yes, it is very beautiful. We have many skilled Masters governing the Tools of the Light of Genesis, those Precious Individuals skilled in focusing the Blessed Qualities Inherent Within each Tool to accomplish great ends, many great results.

Now, our Beloved Master Tools: Yes, there is Great Energy contained in the Master Tools; however, the Greatest Blessing of these Tools Exists on a Sublime and very Personal Level.

Our Beloved Pendant of Eternal Light, yes, Great Energy, a Blessing to the Environment, but the great results come as the Individual utilizes this Master Tool to enliven that Blessed level of Eternal Light, that Supreme Level of the Source of Creation. This experience opens on the level of personal experience the Sublime Source of Creation opening to the Individual on the Level of Direct Experience. The greatest Value is on the Level of Cellular Awakening—Awakening on every Level—Awakening on every Level of Creation.

Our Beloved Elixir of Life: Awakening the memory within the cellular structure, enlivening the process of Initial Rotations within every cell, restoring the Proper Sequence Code within the physiology. This process starts when water is Initialized. Yes, the process begins with this Initialization. However, the greatest benefit is delivered through the drinking of the Holy Waters. It is not enough to place the Holy Water on the name although some benefit is delivered even in this step. The greatest benefits come with the interaction of the Individual and the Master Tool: in this case, the drinking of the Blessed Holy Waters.

It is not enough to place the Pendant of Eternal Light on top of the desire. Yes, there is some benefit, the Pendant of Eternal Light carries a very great energy; but for maximum results we are training our Masters in the Art of Creating the use of this Great Master Tool of Eternal Light.

Yes, this is the answer: it will produce some good results, some benefit, but the great and most Significant Results will Emerge through the Proper use of this Blessed Master Tool.

Wings of Genesis

Lantos:

Greetings,

We are entering the Blessed Holy Season. The Earth is Blessed by the Presence of the Winged Legion. The very Presence provides a Great Upliftment. We are assembling; we are enlivening those elements in Creation for the assistance of this Great Process of Transformation. We are grateful for the response to our calls for assistance. The Blessed Radiant Hosts, the Winged Messengers of Light bring Waves of Peace to Earth. We are entering the Holy Season. The Value of Peace is Enlivened through the Presence of the Great Messengers of Light. Yes, the Blessed Winged Messengers.

In this way, our Blessed Wings of Genesis enlivens that Value of Peace, our Blessed Wings of Genesis uplifts the quality of the water, the quality of its immediate environment, Blessing the Structures on a very Fundamental Level, on the Level where Change Occurs.

Wings Offer great Blessings. Our Wings of Genesis is a powerful Tool for Change, Regeneration, Restoring the Proper Direction, setting straight a Proper Course. Those suffering from attachments, attachments to negativity or destructive habits, may find great relief through the regular use of the Wings of Genesis.

We are very fortunate at this time; the quality of change is lively on every level of Earth's structure. Water is a suitable substance for delivering the benefits, translating the qualities of Enlivened Peace, so as to be most completely received by the Individual. The benefits are delivered to the Individual most easily, most completely.

The quality of Wings permeates boundaries, passes through restrictions. The Patterns of Individual Action, the set habits Form structures on many Levels of Individual Existence. The Blessed Wings permeate these walls, these Patterns. As the Value of Peace comes in contact with these areas of resistance, the structure of the boundary is lightened. We do not wish to use the word "weakened" because when negativity is minimized we can only speak in a positive manner, the solid nature of the structures of negativity become less solid. We are introducing the finer elements of Peace and Radiance to the areas of resistance on the Level of the Individual.

The Blessings of the Wings of Genesis may be applied to difficulties and problems on the larger scale of society. In the same way that negativity may be lightened on the level of the Individual, we may lighten that aspect of wrong action, wrong decisions, negative habits, on a larger scale, through the similar use of our Blessed Tool.

Place the Wings of Genesis on the picture of the area housing the problem. If the problem exists within a business, place the Wings on top of a picture of the business, the place of the business, or a representation of the business. If the problem exists on the level of government within a town or a nation, place the Wings on the map over that area to receive the uplifting quality of the Wings of Peace. We will see great Blessings.

We are entering the Holy Season. We thank the Blessed Beings of Light for their assistance as we continue in our process of Great Transformation.

Many Blessings, Dear Ones.

Course of Eternal Light and Holy Season **Part 1 of 3**

Lantos:

Hope is the Radiant Value which Emerges upon the completion of the Process of Destruction of the Physical Aspect of Boundaries and Limitations having been Consumed by the Flames of Truth, the Flames of Knowledge. After the logs have been consumed by the Flames, what Emerges is Warmth. The Warmth Emerges. This is the sought after result. It is the Warmth.

Desire: Desires reside within the physical world. Desire is of the Physical World of Expression. Desire is of Creation and Creation is Born of Desire. Desire is the Seed of Creation. Out of Desire, Creation Springs, Creation Emerges. Desire is a Powerful Instrument in Creation. Desire is the Thread of Creation. All Beads of Creation are Strung along on the Thread of Desire. Desire is the Divine Spark.

We do not wish to destroy or discourage our Nature to Desire for in Desire Resides the Divine Spark of that Almighty Ability to Create. Creation is Born of Desire. Desire is the Impetus. It is the Spark. We must only Refine our Ability to Desire. We wish to Refine that Natural Process of Desiring. It is a Refinement.

Now, we will begin our first lesson. This is the lesson of the Process, the Technique, for Refining the Desire, Human Desire. We are Translating Human Desire into its most Simple and Pure State. And how is this accomplished? Through the Flames, Flames of Purification, the Flames of Truth, the Flames of Knowledge. Beautiful.

Dear Ones, you are Now Being Trained in an Art which has only been Taught at very Rare Moments in the History of Humankind and this is a very long history, much longer than the period identified by the scholars of today. Only at Certain Specific Instances has the Knowledge been Conferred. For only at these Rare Instances could this Knowledge be Applied with Success. This is a Great Period in the History of Creation. The doors for Human Development, Human Evolution, are Open Wide. Knowledge is Given only when it may be Useful.

We do not teach the infant the science of chemistry. This is not useful knowledge to the child at this phase of development in life. Knowledge is given when it can be most useful to the recipient. This is the skill of the teacher. It is the Framework of Time. Introduce Knowledge when it may be Most Useful for the student. Yes, good.

Now, the Flames of Knowledge Burn Bright this year. We are in the Holy Season. It is the Season of Transformation and Purification, Rapid Purification. The Knowledge of Creating may now Emerge.

Course of Eternal Light and Holy Season
Part 3 of 3

Cindy:

Today is the day when we do our dialogues and it doesn't maybe seem like we should be reading this one out to everybody [referring to Part 2] so did He have another message for everyone?

Lantos:

Yes, good, let us remind our Beloved Masters of the Light of Genesis that this is the Holy Season and during this time of the Holy Season we should Enliven the Proper Sequence Code within our Cells.

This is the Holy Season. It is the Season of Knowledge. We are Forming the Course of Eternal Light and during this time let each Master of the Light of Genesis enjoy the Blessed Elixir of Life. This is the Master Blessing for All, for each. Enjoy the Blessings of the Elixir of Life during the Holy Season.

Yes, Very good.

The Tide of Human Events

Lantos:

Blessings Dear Ones,

We are Structuring our Blessed Course of Eternal Light. Through this Course the Tide of Human Events will be Greatly Uplifted and the Transition into the Great Era of Light will be Achieved on a Great Cosmic Scale.

Now read to our Blessed Listeners the Value of the Master Tool of the Elixir of Life. This must be clearly understood and all should take advantage of this Great Blessing during this Holy Season. Very Good.

Cindy:

And, so then we went ahead and read to our Listeners a message from September 15.

Lantos:

Beautiful, it is very beautiful. The Brilliance of the Almighty Source of Creation Blesses this Earth. The Radiant Light of the Almighty Source of Creation Illumines Every Layer of Creation, Every Layer of Creation.

The Pendant of Eternal Light Enlivens the Layers, the Layers. There is Less Radiance on the surface, Greater Brilliance on the Inner Levels of Existence. Yes, this is the domain of the Blessed Elixir of Life. We are Awakening the Finest Layer and thereby Purifying, Cleansing, the Outer Layers of Life. It is a Physical Process. And this Process begins Immediately. This Process of Enlivenment of the Inner Seed, the Inner Pure Value of Physical Existence begins with the Initialization of the Blessed Holy Waters.

Through the Supreme Blessings of the Radiance of the Source of Creation, we are Enlivening on its most Fundamental Level that Inner Knowledge of Wholeness. It is a Complete State of Balance and Harmony. Out of this State of Wholeness of Knowledge, the Process of Physical Transformation begins. This Process must bring the Knowledge of Wholeness to Every Layer of Life. It is a Beautiful Process.

It is the Same Process which Occurs on the Outer Levels of Society. On the Larger Scale, it is the Same Process of Emergence of the Inner Radiance, the Inner Value of Eternal Light onto the Outer Expressed Levels of Life Transferring the Brilliance of Eternal Light. This is the Great Process of Transformation.

On the Level of the Individual, on the Physical Level of the Cells within the body, this Process of Transformation is Accomplished through the Elixir of Life.

On the Greater Scale, on the Level of Society, on the Global Level, this Process of Transformation is brought about through the Enlivenment of that State of Eternal Light and this may be Achieved through our Beloved Pendant of Eternal Light. You see?

This is the Great Process of Transformation.

The Courses of Eternal Light will Greatly Accelerate this Process of Transformation. We will train the Individuals on the Process of Creating. This means Mastering the Levels of Expression as Eternal Light Moves from the Inner Level out onto the Level of Expression. We will train the Individuals to Gain Mastery Over the Process of Creating.

Yes, it is very good, very good.

Next year—the Year of Mastery of Creating Through Enlivenment of Eternal Light—Mastery of Creating, Masters of Creating.

Very good, very good, many Blessings.

The Holy Season and the Elixir of Life

Cindy:

Lantos appeared and said,

Lantos:

Greetings,

Cindy:

Then He paused so I asked Him a question about the experience of seeing Spiraling Universes above each Individual Wheel of Genesis and if He could explain the Relationship of the Spiral with the Colors or if there was any Significance that He would like to describe.

Lantos:

The Colors of Creation: let us speak on that Beautiful Aspect of the Role of Color and Light in Creation, One Undifferentiated Field, One Field of Totality, Infinity, Endless Unexpressed Field, Without Expression, only Totality, Pure Totality.

During this time of year, which we refer to as the Holy Season, we give our thanks to that Divine Quality of Intelligence, that Supreme Nature of Limitless Compassion, which has Given Form to the Formless.

Yes, during this Holy Season, we are Blessed by the Enlivenment of this Divine Intelligence. We are Blessed at this time by the Presence of the Source of Creation.

Now, the Colors: Creation Emerges. Creation Emerges from the Formless into Light and Sound, Color and Form.

The Process of Creating is Accomplished through the Mechanics of Initial Rotations. Therefore, every Aspect of Expressed Creation Retains the Structure, the Shape of the Spiraling Initial Rotations. Is it clear? That which Emerges Retains much of the same Appearance as its Source. The child is fashioned in the image of the parent. All of Creation Realizes Its Source in that Supreme Intelligence which, through Desire, Set Into Motion the Initial Rotations of Creation. Do you see?

When looking at an object one may observe Different Levels of the Object: the Surface Level, which Appears in Great Diversity, or the Finer Layers, which Appear in Greater Similarity, Greater Familiarity, until the Finest Layer of the Object is Perceived, that Layer which Is Lively with the Universal Aspect of the Initial Rotations of Creation. This is Recognition of the Personal Aspect of the Almighty Source of Creation Within the Object.

As our personal, Individual experience is opened to this Level of Initial Rotations, this Finest Expressed Level of Creation, more and more we will observe that same Value within all that we Perceive.

A taste of the Elixir of Life not only Reminds the Cells of the Proper Sequence Pattern Specific to Each, it also Awakens the Experience of the Process of Initial Rotations Within the Physical Structure. This is the Greatest Blessing, the Awakening of that Quality of Creation Responsible for All.

It is the Awakening of the Value of the Almighty Source of Creation on the Individual Level of Experience.

During this Holy Season, we are Blessed by an already Enlivened Presence of this Fine Layer of Existence. Many Miracles Occur during this time of year. Many people report a Shifting of the Quality of Experience in the Direction of Greater Fulfillment. To taste the Elixir of Life during this Holy Season Produces Maximum Results, Enlivens Maximum Benefits for the Individual. Yes? Now you see?

As the Physical Structure makes a Shift in the Direction of Greater Fulfillment this is a Shift in the Direction of the Finer Levels of Creation. The Direct Individual Experience will simultaneously Shift, Allowing this Experience of the Vision of the Finest Layers: the Refined Vision of the Source of Creation in many Forms, a Physical Embodied Form, the Form of Sublime Light and Radiance, the Form of the Initial Rotations, the Dynamics of the Process of Creation. In many ways, the Vision may Experience, or the Individual may Experience this Process of Refinement as it Naturally Occurs.

During this Holy Season we will look for Great Paces of Advancement among our Blessed Masters of the Light of Genesis, all those practicing with the Blessed Tools of Genesis, and especially those Tasting the Blessed Holy Waters during these Holy Weeks. We will look for great reports of Refinement, Refinement and Fulfillment. Yes, Refinement and Fulfillment.

These are the Blessed Holy Weeks and we give thanks to every Aspect of Creation here to Assist us in these times of Transformation. We thank the Winged Messengers of Light and Peace. Yes, very good.

Many Blessings.

Master Lantos:

A Great Wave of Transformation

Lantos:

Greetings Dear Ones,

Cindy:

And then He paused, so I mentioned to Him that many people had been receiving the Elixir of Life during this Holy Season. And His response is:

Lantos:

A Gift for all, a Blessing for all. Yes, this Holy Season is a Blessing for all and it is during this time that Great Advancements may be made, Great Progress may be Achieved, Progress on Every Level, Progress on the Individual Level through the Blessed Master Tools available at this time: our Beloved Holy Water, our Pendant of Eternal Light.

It is very good.

The Blessed Holy Waters are Altering the Structure, the Structure which Supports the Experience of the Almighty Source of Creation, the Physical Structure, the Cellular Structure, which Radiates that Sublime Light of Creation, the Individual Physical Structure which Through the Blessed Tools of Genesis is Awakening in the Value of Fullness: Sublime Light, Eternal Light. Yes? It is very good, very good.

The Waves of Transformation are well begun. 2010 has Enlivened the Fundamental Nature of Existence, the Most Refined Value of Creation, that Value Responsible for the Emergence of All Existence. This Enlivenment has Set in Motion Great Waves of Transformation.

From the shores of our Blessed Seat of Eternal Light, Great Waves of Blessings have been Generated. The Waves have Carried the Blessings: Blessings of the Almighty Source of Creation, Sublime Blessings of Eternal Light. These Blessings have been Carried around the World. The Effects of Enlivenment of the Fundamental Source of All have been felt throughout All of Creation. This is called a Great Transformation.

A Great Transformation may only Occur if the Most Basic, Most Powerful Level of Existence, is Enlivened and Rises Up to Guide the Process. A small breeze can only Generate a small Wave. Only a Great and Fundamental Force Within the Structure of Earth can Generate an Immense Wave which will Travel Great Distances.

The Great Wave of Transformation set into Motion in 2010 has been Generated by the Greatest Force in Creation, the very Force Responsible for the Great Wave of Transformation which Generated Creation Itself.

Yes, Creation, Itself, came as a Great Wave of Transformation Transforming the Non-Existent Infinite Value of Wholeness into the Vast Expressions of Diversity, a very Great Transformation.

2010 has Fulfilled its Role of Enlivenment of the Sublime Level of the Source of Creation.

Now then, now then, Dear Ones, 2011 is on the doorstep. 2011 is upon us and as the days pass and the time of the ending of one great cycle approaches; we will see an Increase in the Expressions of Transformation, an Increase in the Expressions of Change. For this reason, it is in this year that the Knowledge of Creating will become Available. The Time of Transformation is the Greatest Time for Creating.

The same Mechanics of Creation are Lively. Through the Skilled Practice of Creating, the Process of Transformation will be Blessed, guided and uplifted. The Transformation will achieve its greatest outcome and Fullest Value of Expression reflecting that which initiated it: the Greatest Source of Transformation, the Almighty Source of Creation.

Yes, 2011 is the year for setting the design of the Great Transformation through the Process of Creating.

Now then, all should enjoy the Blessed Holy Waters. We say, "Holy Waters" because of the Blessings they Receive from the Supreme Embodiment of Eternal Light, the Almighty Source of Creation in all Glory and Compassion.

Many Blessings to All.

The Great Wave of Awakening

Cindy:

Lantos came and said:

Lantos:

Greetings Dear Ones,

Everyone is enjoying the Blessed Holy Water Elixirs?

Cindy:

And I said, "Yes, we've been shipping quite a few of them out these last couple of weeks and in fact people are still receiving them even now." And He said:

Lantos:

Very Good. We are Experiencing a Great Wave of Awakening. It is a Wave of the Enlivenment of that Inner Level of Life which Brings Nourishment and Support to the Outer Layers of Existence. This Awakening or Enlivenment of these Inner Qualities comes about in Waves.

If one is swimming about on a flat sea, a sea without Waves, it will take quite a lot of effort to swim a distance. But when the sea rises in Waves, the swimmer need only make the proper adjustments and positioning such that the swimmer is Propelled by the Force and the Momentum of the Waves. In this way, the swimmer may achieve great distances with very little effort. Just now we are Experiencing a Very Great Upsurge of the Finer Layers of Creation. These Finer Layers contain vast Power, power and Energy that cannot be Achieved on the Surface Level of Existence. Activities Performed at this time have the Support and Momentum of this Greater Source of Energy. Like the swimmer, only a few stokes will be necessary for great advancement.

Our Blessed Holy Waters: Our Blessed Holy Waters offer to us the Proper Placement. We say "Proper Sequence Code." It is the Code which clearly Identifies the Direction for the Cellular Structure to Maximize the Pace of Advancement and Transformation.

Yes, Dear Ones, during this Holy Season, we are Blessed by a Great Wave of support, a Wave generated on the Finest Level of Expression, the Level of Existence Illumined by the Brilliant Radiance of the Light of Genesis. Great Knowledge is Awakened at this time, Great Knowledge is Emerging, Knowledge of Creating, Knowledge of the Finest

Process in all of Creation, Knowledge of that Process which gives rise to Creation, Knowledge of the Source of Creation.

Yes, Dear Ones, we are very Blessed; Creation is Blessed. The Knowledge is Emerging to Bring Forth the Great Changes required in this time.

Very Good. Yes, it is very good. Now, enjoy the Radiant Peace of this Blessed Holy Season.

A Year of Great Achievements

Lantos:

Dear Ones,

Very good. It is a Great Success, a Great Achievement. We celebrate the completion of this year, a completion of the Great Task which was laid before us long ago.

This year marks the Great Enlivenment: The Year of the Enlivenment of the Sublime Value of Radiance on Earth, Enlivenment of the Source of Creation, Enlivenment of that Value of Divine Radiance which illumines and permeates all. We celebrate the Emergence of the Beloved Seat of Eternal Light, the Blessed Great Central Translator. Yes, our Beloved Seat of Eternal Light—from here Luminous Waves of Divine Radiance spread throughout the World Blessing all.

We Celebrate the Emergence of the Beloved Master Tools of Eternal Light, the Blessed Holy Waters of the Elixir of Life. We celebrate our Beloved Pendant of Eternal Light.

Yes, Dear Ones, we have enjoyed great paces of advancement in this past year. Yes, we offer our deepest gratitude for these Great Blessings. Great Blessings have been enjoyed by all, felt by all, on every level of Creation. Yes, very good, Dear Ones, it is well done, Great Achievements, yes.

Now we prepare for our entry into the New Year. This, Dear Ones, is The Year of Creating.

We are quickly approaching the Great Transformation and during this year to come we will see the impossible become possible. We will see the early signs of the Great Transformation. It is for this reason that this year has been selected for the training of Masters of the Art of Creating.

We give our deepest appreciation to the Great Cosmic Beings who have offered their Blessings and assistance to our Beloved Earth in this year and ask for the Great Blessings for the year to come.

Thank you, Dear Ones, for your service and commitment to the Radiance of the Light of Genesis, the Sublime and Eternal Light of the Source of Creation.

Many Blessings to All.

and layout of our destination before our arrival. In this way, we may also serve to guide and assist others traveling along this path.

Masters of the Light of Genesis, you are mastering the skills and techniques of Creating. You are developing mastery of the finest levels of functioning, the levels of Creation responsible for all aspects of Creation. This level of mastery is great. It is not so significant whatever else may be achieved in life. Whatever the accomplishment or skill acquired, it is not as significant as this single accomplishment—mastering the Art of Creation. This is the Greatest Accomplishment in Life.

Again, I say to you, Dear Ones—you, you who have devoted much energy and attention to this Precious Knowledge of Life—you are doing justice to the Value of Human Life. It is a great joy for the Blessed Creator to see the Highest Value of Life enjoyed. You will feel this pleasure as the warmth, the Radiance of the Blessed Source of Creation. Yes? It is very good. We are making the preparations for our Course of advanced instruction.

Yes, very good, many Blessings.
